

REDS TURNED BACK AT WARSAW GATES

Mail Order Wife Admits Fatal Shooting of Chester Clark

FIFTY HOURS OF GRILLING END IN STORY OF MURDER

"Honey, Don't, Please Don't Shoot Me," Plea; "I Fired Until He Died" Wife Tells PUTS GUN IN HIS DEAD HAND

"Yes, I killed him. I don't know how many times I shot him, but I shot until I knew he was dead."

With scarcely a sign of emotion, despite almost fifty hours of police grilling, Mrs. Virginia Clark today confessed the murder of her husband, Chester Clark.

She fired four shots into his body as he lay in bed, Sunday morning.

"When I fired the first time, he said, 'Oh, honey, don't—please don't shoot me,'" Mrs. Clark told Police Inspectors McSorley and Kossick and Captain Drew.

"I Killed Him!"

MRS. VIRGINIA CLARK, who confessed today to murder of her husband, Chester Clark.

Big Operation In California Land Held Plot

Fraud of \$3,000,000 Charged in Chicago Suit; 500 Claimed Victims

CHICAGO, Aug. 17.—Charging that the defendants participated in a \$3,000,000 land grant conspiracy, William G. Elliott and twelve others today brought suit asking an accounting by Daniel Hayes Jr., Walter Bond, the Daniel Hayes Co., the United Farm Land Company of Sacramento, Calif., and its president, C. A. Robertson.

More than 500 persons are alleged to have been victimized.

The bill says representations were made that the Hayes company owned 134,000 acres of California land. It is charged that the company really owned about 25,000 acres and the rest of the land in question was really owned by the United Farm Land company.

The operations of the defendant companies have been under inspection in Judge Landis' court for some time. The company operated principally in Iowa, Idaho and California.

In February a petition in bankruptcy was filed for the Hayes company.

Forest Fire Rages; Much Timber Burns

QUINCY, Aug. 16.—Fire which broke out in the holdings of the Murphy Lumber Company, three miles west of here, threatens to wipe out several hundred acres of heavy timber. The mountain flames are easily visible from this place.

Bulgaria's Peace Is Officially Declared

PARIS, Aug. 17.—The treaty of peace of the allies and Bulgaria signed last November, was officially promulgated today.

TWO STATES WEIGH FATE OF SUFFRAGE

Battle Over Feminine Right to Vote Rages in House of Tennessee, While Senate Ballot Nears at Raleigh

Representative at Nashville Says Suffrage Would Degrade Woman; Both Sides Are Confident of Victory

RALEIGH, N. C., Aug. 17.—The North Carolina Senate, after a debate, last night, late today voted to postpone action on ratification of Federal woman suffrage to the next regular session of the General Assembly. The vote was 25 to 23.

ADJOURNMENT IS WON BY ANTI-SUFFRAGISTS

NASHVILLE, Tenn., Aug. 17.—The House adjourned late today without acting on the suffrage amendment. The vote was 52 to 45. The body will reconvene at 10 tomorrow morning.

The motion was made by Speaker Walker and anti-suffragists.

The move was interpreted as a point for the anti-suffragists.

However, several voted in favor of adjournment who are considered friendly to suffrage, and pro-ratificationists said the vote was without significance.

DEBATE MEANS ODIUM, CHAMPION CLAIMS

The battle over suffrage in the House in the Tennessee House when Representative T. K. Riddick moved that the House concur in the Senate resolution ratifying the federal amendment.

A motion that newspapermen be permitted to remain on the floor at their accustomed desks was carried by a viva voce vote.

Riddick, in placing his motion, charged the House that it ratification of the (Pro-Suffrage) Amendment is a "no member could hope to avoid the odium of this defeat."

SIXTY-TWO VOTED FOR SUFFRAGE, CLAIM

"The Senate has vindicated itself," he said, and we have written pledges of sixty-two members of the House. What do you say to violation of a written pledge?

Riddick gave the name of national and state leaders who favor suffrage, including President Wilson and the presidential candidates, challenging his opponents to name leaders of the opposition.

He charged "subtle influences" are operating against suffrage and said he would be ashamed if suffrage was defeated.

Representative Boyer argued it would degrade women to give them the vote.

RAE IS ARGUMENT OF SUFFRAGE FOR

"I have nine daughters and eight sons," he said, "and I do not feel those daughters should have the vote."

He brought a round of applause.

"Giving negroes the vote was the worst thing that ever happened to them," he said.

Representative Canale declared women could purify American politics.

"Shouldn't women who work have the vote the same as negroes?" he demanded.

"Don't hide behind the cloak of constitutionalism," Canale challenged. Representative Sharp declared he could not vote for suffrage because of large negro population in his district.

RENT SIGN SWINGS ON ROTH 'NEST'

Husband in Love Pact Denies Rumors Wife Is Planning Divorce; Absence Is Due to Expected Coming of Stork

Baby to "Raise" Itself, Says Father, Though He Asserts Task Properly Belongs to State; "Tired" of America

BERKELEY, Aug. 17.—On the "love cottage" of Arnold Edward Roth, music student at the university, and his wife, Lyllian Stowell McCarthy Roth, at 1538, Henry street, today hangs a "For Rent" sign.

Roth presides alone. His wife is in Los Angeles with her mother, Mrs. L. W. Collett, formerly Mrs. J. J. Moore of Burlingame.

Despite persistent rumor, Roth denies that the "love pact" entered into by him and his wife, which relatives demanded be legalized by an orthodox wedding ceremony, is ended.

"We're just getting ready to travel abroad," explains Roth. Besides, Roth declares there is another reason why the talk of domestic infidelity which has followed the coup for some weeks is not substantiated. The "reason" he admits is the contemplated visit of a certain long-legged bird, who is due to arrive in December.

AND HERE TO GO

"Why if I was contemplating a divorce I'd go down to the court house and tell the world about it," says Roth. "Either that or I'd give my wife grounds for a divorce. You see she is not my 'economic slave.' She has her own income and does not have to come to me to ask whether she can buy a 475 House or not. For that reason at any time she could sue me for non-support if she so desired. You can rest assured, however, that the minute I want a divorce, if such a state of affairs come to pass, that I shall get one."

"I created all this myself, now I'm tired of it," Roth declares. "I want to start on something new."

The baby when it makes its debut will not be "raised" by its parents, says Roth. It will raise itself. "I was brought up by my parents; my baby will bring itself up," explains the young husband. "There will be no discipline where our baby is concerned, no force, no fear, no vocabulary. We will let our child learn life by experience. We will let him that fire burns and to stay away from it. If, however, he should persist in playing with fire, a good burning will teach him that what we said was true and he'll stay away from it. It is that way with everything. We are not allowed to develop them selves because others are too busy developing them."

SAID STATE SHOULD RAISE CHILDREN

Previously Roth shifted the responsibility for raising children on the State. "Let the State take care of them," was his ultimatum. "Who benefits by children but the State? Parents are many times unfitted to raise children and where there is domestic discord it is better that some outside influence step in and take the child."

The views of Roth and his wife concerning love and matrimony made them the center of interest last May when details of a love pact entered into by them and turned into a legal marriage by the State of California, became known.

McCarthy has refused to forgive his daughter for her "eccentricities."

"What do we care?" said Roth yesterday in speaking of his father-in-law. "There's no educating some people. If some people had their way we'd all be hanging from trees by our tails."

Ship's Radio Tells of Mutiny; Calls Help

LONDON, Aug. 17.—A wireless from the American steamer Hoxia on her way to London, asking help because of mutiny on board, is reported by a Copenhagen despatch. Motor boats, with armed men, were instantly sent by the Danish police, but no trace of the vessel has been found.

The Hoxia sailed from Norfolk, Va., July 30 for Copenhagen.

Immigration Bureau To Be Reorganized

WASHINGTON, Aug. 17.—The organization of the Bureau of Immigration has been ordered by Assistant Secretary of Labor Post. The action was taken, officials said today, because of conditions indicating utter disorganization of the bureau both here and in its field service.

Cabinet to Discuss U.S. Aid for Poles

WASHINGTON, Aug. 17.—The entire Russo-Polish crisis was expected to be discussed today by President Wilson and his cabinet at their regular weekly meeting.

Secretary Coby will probably bring before the president the question of food and supplies for Poland for final decision.

Love a la Mode

MRS. ARNOLD ROTH, heroine of Berkeley "love cottage" pact, who is rumored to have parted with husband.

Ouster of Mays For Chapman's Death Planned

Boston and Detroit Players Discuss Stand After Cleveland Shortstop Dies

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

BOSTON, Aug. 17.—Players of the Boston and Detroit clubs of the American League today prepared to draw up a petition asking banishment from organized baseball of Carl Mays of the New York Yankees, whose pitched ball fractured the skull and killed Ray Chapman, Cleveland shortstop.

Possibility that the members of both teams would refuse to play in any game in which Mays was a player was expressed by some players.

The Red Sox met yesterday when word was received of Chapman's injury. It was agreed, according to Outfielder Oscar Stanage, catcher of the Red Sox, that all would sign a petition to President Johnson of the league to have Mays ruled out of the game, if Chapman should die, and that the players would not go to bat against his pitching again.

With news of his death the players expressed their sorrow and then discussed the carrying out of the plan for a petition.

"Stuffy" McInnis, Red Sox first baseman, hurried from his seaside home at Manchester to call a meeting of the players.

Members of the Boston club who were team-mates of Mays until the latter deserted the club prior to his sale to New York last year, said they felt certain the Detroit players would join in such action as might be decided. "Ty" Cobb, the Detroit star, said summary measures should be taken against Mays immediately. Oscar Stanage, catcher of Tigers, said the players had already discussed action.

Mays has been a storm center of baseball controversy for years. First because of his close pitching, as a result of which players frequently complained that he had tried to "dust them off," and later when they felt certain the Detroit players would join in such action as might be decided.

Ray Chapman Dies From Blow of Ball

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

NEW YORK, Aug. 17.—Raymond Chapman, shortstop on the Cleveland American League Baseball team, hit on the head by a ball thrown by Carl Mays, pitcher, yesterday's game with New York, died in the St. Lawrence Hospital at 4:30 o'clock this morning. He never regained consciousness after an operation which was hurriedly decided on shortly after midnight. A small section of his fractured skull was removed before it was decided to operate. This Speaker, Cleveland manager, telephoned news of the accident to Chapman's wife in Cleveland who immediately started for New York.

News of Chapman's death cast gloom over the members of both teams.

Britain Gives Poles \$1,500,000 Credits

PARIS, Aug. 17.—The British treasury has authorized the International Committee for relief credits in Paris to utilize out of the British relief credits \$1,500,000 to purchase foodstuffs for refugee Poles.

VENGEANCE IS TAKEN IN TIPPERARY

Bombs and Bullets Used to Clear Town in Reprisal as Inspector Is Shot; Stores and Town Hall Wrecked

Civilian Slain While House Is Under Search; Mayor of Cork Guilty of Sedition and Is Rushed Out of Ireland

DUBLIN, Aug. 16.—One civilian was killed and another wounded during the search of a house by British soldiers at Derrigallion, County Cork, according to a message from that place today.

District Inspector Wilson was shot dead at Tipperary in Tipperary last night while walking on the police barracks to his home, according to a message from Thurles.

BELFAST, Ireland, Aug. 17.—Templebar, County Tipperary, underwent a grim ordeal of reprisal last night, following the murder of District Inspector Wilson, according to a press despatch. The police and military turned out to avenge Inspector Wilson and cleared the streets with bombs and bullets.

The town hall and several shops were wrecked. The disorders lasted several hours.

MAYOR OF CORK RUSHED TO ENGLAND

CORK, Ireland, Aug. 17.—Terrence MacSwiney, mayor of Cork, today aboard a destroyer, after having been found guilty of sedition by court martial yesterday. MacSwiney still refused to eat.

MacSwiney was found guilty of possessing the secret police cipher, of having a document likely to cause disaffection, namely, a copy of the resolution of the Cork Corporation pledging allegiance to the Irish Republican Parliament, and of having made a seditious speech when elected. The trial was conducted under the Defense of the Realm Act.

The mayor was weak when called before the court as a result of his refusal to take food. He said that the lord mayor of this city and its chief magistrate. I declare this court illegal and those taking part in it liable to arrest under laws of the Irish republic.

STORM OVER MANNIX STAYS AUSTRALIA

SYDNEY, N. S. W., Aug. 17.—Rival meetings were held in Australia in connection with incidents attending the arrival of Archbishop Mannix in England.

Catholic speakers declared the archbishop's treatment was a gross insult to the Catholic church. Resolutions for removal of the ban on the archbishop's movements, will be sent to Premier Lloyd George and Eamon de Valera, "president of the Irish Republic."

The anti-Mannix meetings were equally enthusiastic in supporting the British and Australian premiers. Speakers declared the archbishop's treatment was a gross insult to the Catholic church. Resolutions for removal of the ban on the archbishop's movements, will be sent to Premier Lloyd George and Eamon de Valera, "president of the Irish Republic."

LOS ANGELES, Aug. 17.—At the opening meeting of the twenty-first general session of the Young Ladies Institute here it was directed that a resolution, to be directed to the archbishop, be drawn up protesting against the "manner in which the mother of Archbishop Mannix is being treated in not being permitted to see her son, whom British authorities have forbidden to visit Ireland, where his mother resides. Five hundred women from Pacific coast states are attending the session.

Nome Fliers Due At Klondike Fete

DAWSON, Y. T., Aug. 17.—As this city celebrated today the twenty-fourth anniversary of the discovery of Klondike gold, the American aviators on route from New York to Nome were expected to arrive from White Horse, Alaska, where they landed yesterday. Miners and prospectors have swarmed from the surrounding country to aid in the celebration and also to see the first air-craft ever to visit this region.

Jones Law May Stop Orient Rates Boost

HONOLULU, T. H., August 17.—The proposed increase in rates agreed on by Japanese and American shipping firms of Kobe and Yokohama, between the United States and the Orient, including the Philippines will not be effective if the Jones shipping law is enforced. It is understood in Tokyo, according to a Tokyo cable to the Nippon Jiji, Japanese language newspaper in Honolulu.

Siena Church Riot Costs Seven Lives

ROME, Aug. 17.—Seven persons were killed in a riot at Siena, Italy, when Socialists attacked a religious procession, a despatch says. The riot raged in the street and in the cathedral. A monk was slain on the steps of the church.

COUNTER ATTACK OF POLES BREAKS RUSSIAN ADVANCE

Pilsudski's Armies Hammer Way Through Russians in Attempt to Turn Their Rear GUNBOATS, TANKS JOIN BATTLE

WARSAW, Aug. 17, 1 a. m.—(By the Associated Press).—The Russian pressure upon Warsaw has been relieved, according to the official Polish communiqué just issued. The statement reported that General Pilsudski directed the counter stroke that effected this relief.

The statement says the Bolsheviks, who had planned to cross the Vistula southeast of Warsaw in the region of Maciejowice (35 miles from Warsaw) were forced back.

The right wing of the Fourth Polish Army, in breaking the soviet resistance at Kock (.2 miles south of Siedlce), took 200 Russian prisoners and captured some cannon and 54 machine guns.

The communiqué announces that the Poles in following up their counter offensive to relieve the pressure on Warsaw, have advanced along the entire northern front. They have pushed the Russians beyond the Wyza river and regained Ciechanow. The soviet forces retreating while Polish aviators fired on them with machine guns.

Fighting continues in the region of Radom, to the northeast of Warsaw, the statement says.

COUNTER BLOW CUTTING THROUGH RED LINES BY UNITED PRESS.

WARSAW, Aug. 17.—Marshal Pilsudski has been counter-attacking since yesterday on the line of Siedlce, Janow and Brest-Litovsk endeavoring to get behind the Russian army. The Polish counter drive is making some headway, according to reports from the front today.

Demplin has been captured. Russian shells are falling on the railway line southeast of Warsaw.

WARSAW, Aug. 17.—There were renewed signs at the front Sunday that the French were taking a more prominent part in the guidance of the Polish army. General Weygand is said to be responsible for the new tactics employed.

TIMES DISCREDITS REPORT OF CZECH FALL SUNDAY

LONDON, Aug. 17.—Warsaw is still held by the Poles so far as patches disclose. The latest Soviet communiqué does not claim the city is captured, while the Polish statement of Monday represented the defenders making successful resistance.

Reports of the city's fall, announced Sunday by the Bolshevik staff at Vilna, according to Kovno dispatch to the London Times, are not confirmed and are virtually discounted by the Times, which alone none dated later than Sunday, the day that Warsaw was then held by the Poles, who were reported fighting successfully to the menace of the city was being eased.

Russian attacks were being constantly renewed, and the severity was dwelt upon by all dispatches. The struggle of Warsaw is declared to be a matter of hours. The transfer of government offices to Posen actual departure is not as yet reported.

Russian armies are rapidly progressing through the Polish corridor and are said to be within 50 miles of Danzig. Nothing is known beyond the statement by Earl Curzon in the house yesterday, that it was known that peace conversations were proceeding.

REDS CENTERING DRIVE NEAR NOVOGORODSKY

LONDON, Aug. 17.—The Soviet forces are centering their attacks upon Warsaw in the region north-northeast of Novogorodsk, the Polish fortress on the Vistula, and near the line southeasterly. It is indicated by Monday's official statement from Moscow.

The communiqué reflects the recent Polish withdrawal on the northern front and announces the occupation by the Russians of Brody and Sokal. The statement reads: "Northwest of Novogorodsk, and Warsaw being fighting continues, which we flung back the enemy with a bayonet attack and occupied a number of villages. In the River Vkrta. In Eastern Galicia, after fierce fighting on August 14, we occupied Sokal and Brody. In the region of Tarnopol our advance is developing."

PARIS, Aug. 17.—William Adamson, labor member of the British Parliament, and Harry Gosling, leader of the English Transport Workers, representing the British Council of Action of the Triple Alliance of Labor, have been requested to leave France, falling which they will be expelled. Adamson and Gosling arrived today and conferred with French Socialists.

Ostend Harbor Open; Vindictive Raised

LONDON, Aug. 17.—The British light cruiser Vindictive, which was sunk in the entrance of Ostend harbor, May 11, 1918, has been refloated and the port is again open for traffic.

(Continued on Page 2, Col. 5.)

MRS. CLARK, ON GRILL 50 HOURS, ADMITS MURDER

(Continued from Page One)

brother and a half sister in Indian river, Virginia.

NO MOTIVE, SAYS WIFE

NO CONFESSION SHOOTING

Mrs. Clark said yesterday: "I had always heard that before a murder case could be made out against anyone, some motive had to be established. There is certainly no motive in this case."

From this statement she connects with the investigation has been to believe that Mrs. Clark may have been hit upon this story in hopes that she would say something.

It was stated, however, that the story of the woman will not be accepted as a motive for the crime until a complete investigation has been made by the police into the woman's past life. It is rumored that an attempt may have been made to get rid of her husband in a quietest way possible. Mrs. Clark denied this when asked by the police about it this morning, but the police say they have definite information that Mrs. Clark has been seen several times in company with another man.

CONFESSION DUE KINDESS

SAYS POLICE CHIEF

The confession obtained from Mrs. Clark was obtained by kindness and consideration rather than by force and bullying, it is said by Chief of Police Lynch.

Late last night Mrs. Clark partially broke down and told the police that she thought it possible that she had killed her husband, but that she had no remembrance of it.

"Mrs. Clark," said Captain Drew, "we realize that you are under a great nervous strain, and we don't want to take any advantage of you. You had better go to bed for a few hours, and if you feel like calling us—if you feel that you have something you want to tell us before—we will come out later. Otherwise we will not bother you."

The kindness had its effect and when she thought it possible that she had killed her husband, she then broke down into violent weeping and the police left her.

SENDS FOR POLICE TO GIVE THEM STORY

This morning she told the jail matron, Mrs. Alexander Sheroff, that she had something that she felt she must tell the police. Inspectors Frank Rossek, Richard McSorley, Robert Tracy and Captain Drew went up to see her.

Although she freely admitted this morning that she killed her husband and that she remembered the tragedy in vivid detail, she was reluctant to talk of the motive behind it. It was only by the exercise of the utmost delicacy that the story was finally obtained from her.

"Why did you deny the story at first," she was asked, "and concoct this take suicide story?"

"The inside story of what happened and the reason behind it seemed so revolting to me that I simply could not bring myself to tell it to anyone," said Mrs. Clark. "You told us yesterday that you loved your husband," said Captain Drew. "That was not true, was it?"

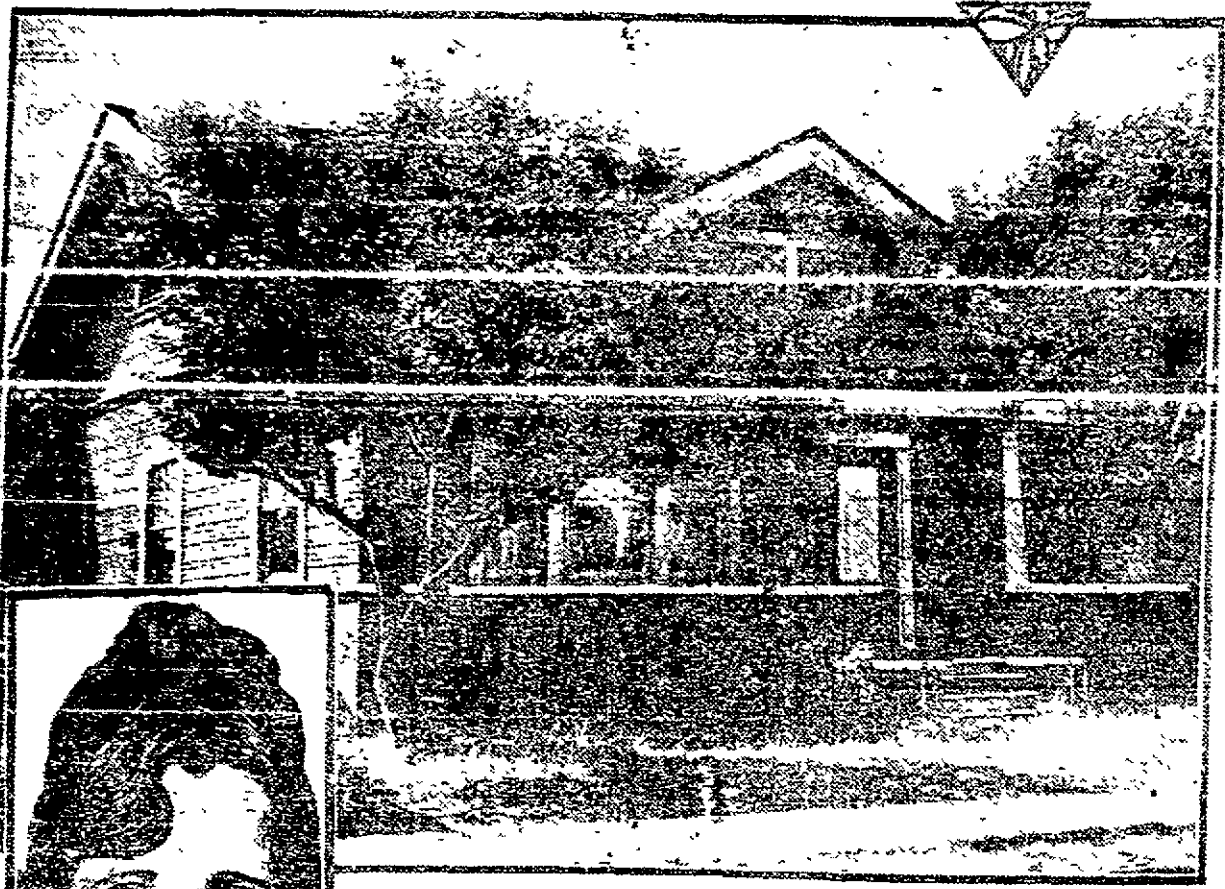

TAKEN TO SCENE OF SHOOTING

"No. But in spite of everything I could not help liking him for his kindness and consideration."

A SUMMER TONIC—Dr. Ford's and Dr. Phillips'—Healthful and agreeable to the taste. Bottle and container—Adel.

HOUSE OF TRAGEDY IN ELMHURST

Little red house at 1512 Eighty-ninth avenue, where Mrs. Virginia Clark shot her husband of six months, Chester J. Clark. Inset is a photograph of Mrs. Clark taken by the police after fifty hours of grilling.

agreeable and fine principled man who had none of the traits that his wife has attributed to him," continued Mrs. Stone.

"Two weeks after they were married in Berkeley they came to my home at 2114 I street in Sacramento and they seemed very happy. But I could see that she was a very nervous and excitable person. I did not know until after the murder had been committed that he had brought a practically unknown woman into the family through the means of a matrimonial agency."

"I firmly believe that Chester was murdered for his money."

According to Mrs. Stone, Clark's children by a former wife, a girl aged 14 and a boy aged 11, have not been told of their father's death. "We wanted to wait until we could tell them all the truth," said Mrs. Stone.

Mrs. Stone is now visiting with Mrs. G. H. Klein, an aunt, who verifies her statements concerning the upright character of the murdered man.

Clark has another sister, Mrs. Maude Ambrose, Drumnright, Oklahoma, and two brothers, A. H. Clark, Florin, Sacramento county, and P. R. Clark, McClelland, Siskiyou county.

Little Red Home Place of Tragedy

The little red house at 1512 Eighty-ninth avenue, where Chester J. Clark took his bride six months ago, is today a house of tragedy.

A trunk, rufed and tied, addressed to Mrs. Virginia Clark, a copy of a telegram addressed to Mrs. Bessie Stone, 2114 I street, Sacramento, telling the news of "an accident" to Chester J. Clark, a disheveled man with feathers covering walls and floors—these are the silent witnesses to the tragedy of the early morning of yesterday.

Not knowing the grief to which she was bringing them, Mrs. Stone yesterday arrived with the two young children of the dead man, who have been spending their vacation with their aunt in Sacramento. They have been taken charge of by friends in Oakland.

"I heard five shots," a neighbor declared this morning. "The first three were fired in quick succession. There was a pause before I heard the other two. Mr. and Mrs. Clark seemed to be on good terms and in no difficulties," she commented.

CLARK NEVER REFERRED TO SECOND MARRIAGE

"Mrs. Clark was usually at home unless she went out with her husband," said Mrs. A. J. Brown, the next door neighbor who was called by Mrs. Clark following the shooting. "I never knew that they quarreled or that there were any disagreements between them. Clark was a very fine man. I knew his first wife, who died two years ago. He never told his friends where he met Mrs. Clark or anything of his second wedding."

Men who have been in daily intercourse with Clark and who knew that his first wife had died, believed him still to be a widower. He had never referred to a more recent marriage.

\$25,000 Stolen From Safe in Police Court

LOS ANGELES, August 17.—The safe in Police Judge Ray L. Chesbro's courtroom, in Central Police Station, was robbed last night of approximately \$25,000, it was discovered when court opened today.

The robbery was learned when Clyde Johnson, clerk of Judge Chesbro's court, went to the safe at 10 o'clock this morning to remove bail money which had been deposited there last night.

The robbers overlocked more than \$17,000, it was said.

The robbers evidently used pass keys to gain entrance first to the station offices and from them to the judge's chambers which adjoin, and thence to the courtroom. They worked the safe combination and smashed open the cash box, apparently taking their time.

The courtroom is on the second floor of the police station and is reached from a stairway leading to the street. It is directly over the detective bureau, where seven detectives and about twenty uniformed police officers were on duty.

Police blamed the robbery on vagabonds and announced their first work would be an effort to learn who gave the robbers the combination to the safe. They were also curious as to why so much money was left in the box, as all was in currency.

LEGION CONVENTION

BOSTON, Aug. 17.—It was announced that the Massachusetts department of the American Legion will hold its second annual convention in the Springfield Auditorium, August 27 and 28. More than 1000 accredited delegates are expected to attend.

CLUSTER OF MAYS FOR CHAPMAN'S DEATH PLANNED

(Continued from Page One)

teams, and the baseball world in general. Today's game between the teams has been postponed.

Carl Mays was overcome with grief when the news was brought to him.

CLUSTER OF MAYS

The accident occurred at the beginning of the fifth inning. Chapman was the first batter and was hit by a ball pitched by Mays.

But Chapman had collapsed in the batter's box. He was lifted by other players, stood dazed for a moment, staggered and crumpled up at their feet. Physicians from the grand stand administered first aid, still not knowing the player's skull was fractured. Two players with Chapman's arms about their shoulders started to walk him off the field. He appeared to walk at first almost unaided, but a few moments later he became limp and he was carried to an ambulance.

Manager Speaker and Walter McNichols, business manager of Cleveland, were at the hospital when the operation was performed. The surgeons made an incision three and one-half inches long, through the base of the skull on the left side. They discovered a rupture of the internal sinus and a quantity of clotted blood. A small piece of the skull was removed. The physicians at first entertained a faint hope that the ball player would recover.

Mays said that the ball he threw was a "sailer," one that breaks sharply on one side, due usually to a rough spot on the cover. He asked for another ball before pitching to Speaker, who followed Chapman and the ball which injured the shotstop was thrown out of the game.

In baseball circles it is believed Chapman's death will seriously hamper Cleveland's chance for the American League pennant. He was a veteran and one of the mainstays of the team.

Mrs. Chapman, when she arrived today, was met by officials of the American League, including Manager Speaker.

Speaker said that later in the day he would issue a statement on the accident.

Local headquarters of the American League, records on former major league accidents were not available, but John A. Heydler, president of the National League said that as far as he could remember, Chapman was the first player to lose his life in big league games through any kind of accident.

The most recent big league accident of the kind occurred during the training games of the Superbas and Yankees, a ball thrown by Jeff Pfeffer, Brooklyn pitcher, struck Chick Fawcett on the head. Fawcett was in the hospital for several weeks undergoing an operation for a fractured skull. Pfeffer was off turn for several weeks and recovered when he became apparent that Fawcett would recover.

Another case was that of Hughie Jennings, now manager of the Detroit Americans, but then a member of the championship Baltimore team who was knocked unconscious by a ball pitched by Amos Rusie of the New York Nationals. Roy Corhan of the White Sox, here in 1911, was hit on the head by Russell Ford, former Yankee star spit baller, and for three days was unconscious. He recovered but his career in the big leagues was cut short. Ford was so badly affected by the mishap that he could not sleep.

The district attorney's office indicated today that it was not planned to investigate the accident. The police sent a detective to interview Pitcher Mays, however.

MICHIGAN PLAYER IS KILLED BY BALL

KALAMAZOO, Mich., Aug. 17.—Carl Jaeger of Plainwell, near here, died in a hospital in Kalamazoo today from injuries received when he was struck in the head by a baseball during a game in which he was playing here Sunday. His skull was fractured and he did not regain consciousness.

MEXICAN BANDIT JAILED

MEXICO CITY, Aug. 17.—Ricardo Gonzales, the bandit, has been captured in the region of Piedras Negras and will be tried on a charge of rebellion, it was announced today.

REDS TURNED AT WARSAW'S GATES BY POLE COUNTER

(Continued from Page One)

day from points in Poland within sound of the cannonading.

The last direct word from Warsaw was the official communique issued yesterday. This said the Poles had driven the Russians back across the river Bug, between Vlodawa and Hrubieszow, and that a successful Polish thrust had been carried out in the direction of Mlawa.

Warsaw by breathing through the Polish line at Plosk and swinging around the city, first marching south and then southeast to join the Red lines on the east side of the capital, was defeated after a bitter battle. The Bolsheviks made such progress at first that they issued a communique announcing the city was surrounded. Later the tide turned and the Russian attack was smashed. They lost all the ground they had gained and left hundreds of dead and wounded behind.

Cavalry, French tanks and a fleet of armored motorboats carrying quick-firing guns are all involved in the great struggle for Warsaw.

The cavalry has repeatedly come into contact with the Cossacks, bloody hand-to-hand fighting with sabers resulting. Tanks, mostly light models, are scurrying over the fields by the scores. In this branch of the fighting, the Poles have all the better of it. The armored motorboats have done good service wherever the Reds tried to cross the

Warsaw City of Varying Fortunes in War History

(By International News Service)

Warsaw has had a stormy and dramatic career in history. It became the capital of the kingdom of Poland early in the seventeenth century when the seat of government was moved from Cracow. From 1795 to 1806 it was in possession of the Prussians. From 1807 to 1813 it was capital of the duchy of Warsaw. In 1813 it became capital of the new kingdom of Poland. In 1830 Warsaw rose against Russia, but in the following year the armies of the czar entered the city. Warsaw lies on the left bank of the Vistula river which is spanned by a celebrated bridge which was partly destroyed when the Germans occupied the city in 1915. It was formerly a "walled city" with eleven gates. A semi-circle of sixteen forts defended it. Warsaw has many beautiful buildings, and next to Lodz is the most important industrial city in Poland. It lies on a hill commanding a fine view of the surrounding country.

Their crossfire, coming from both up and down the stream, rendered attempts at pontoon building almost suicidal.

Student Societies To Elect Officers

BERKELEY, Aug. 17.—Elections of class officers and the first general student body meeting of the college year will be held Friday. All of the student class organizations will elect officers for the current college year.

REFUND ORDERED TO LUMBER MEN

(By International News Service)

SAN FRANCISCO, Aug. 17.—Because of alleged violations of the long and short haul provisions of the public utility act the Southern Pacific today was ordered by the State Railroad Commission to make a refund to several lumber companies in the Eastbay district, among them the C. D. Smith Lumber Company, the Charles Nelson Lumber Company and the E. K. Wood Lumber Company. These companies were among several that complained that they were being overcharged by the company on freight rates between Oakland and San Francisco bay and Sacramento river points.

A petition for a refund in connection with alleged violations of the long and short haul provisions between Berkeley and Crockett, Martinez, Richmond and Emeryville was denied.

Funeral Is Held For Mining Man

Funeral services were conducted today for James Alfred Heslewood, mining man of Oakland and Red Bluff, whose death occurred Sunday at his home in the El Nido Apartments at the age of 87 years. Heslewood had been ill only a short time. For many years Heslewood was engaged in mining activities in the vicinity of Red Bluff, making his home in the north. He was a native of New York, but passed the majority of his life in California. Heslewood is survived by a widow, Mrs. Cordelia Heslewood, two daughters and one son, Mrs. Estelle Fulton, Mrs. Marion D. Barnes and William R. Heslewood.

Kryptok The Perfect Bifocal

If you require different lenses for distant and near vision you will find Kryptok lenses the most practical solution of your eyeglass problems.

Kryptoks afford clear vision either at close range or at a distance and yet look like any single lens, having no seam or line to disclose the fact that they are bifocals. Any of the Chinn-Beretta stores will be glad to show you how to obtain the practicability of two pairs of lenses with the comfort and convenience of one.

SAN LEANDRO TO GET HIGH SCHOOL OR FIGHT FUSION

SAN LEANDRO, Aug. 17.—San Leandro's differences with the Oakland Board of Education over the construction of a junior high school in San Leandro were discussed last night at a meeting of the board of town trustees and patrons of the school district. The discussion resulted in a decision to send a committee before the Oakland board with a demand that a junior high school be built in San Leandro, with the alternative that the patrons of the district will oppose the annexation of the high school district.

The following committee was appointed: Mayor E. J. Pelton, A. S. Weaver, Allen E. Pelton, P. H. Haggerty, J. A. Santana, C. A. Harwell. The following members of the board of town trustees: Mayor Allen P. Pelton, L. J. Toffelmier, L. E. Granger, H. Reichsath and Mrs. James Dinkler.

The San Leandro School Board will also be represented on the committee by Trustees Charles Jeffery, Herbert Landis and Mrs. J. Garcia.

CITY ATTORNEY RESIGNS. Harry V. Jones, City Attorney, tendered his resignation, effective September 1. He explained that he expected to take his family to China about October 1 for an indefinite stay.

Mayor Pelton criticized San Leandro's committee appointed to look after an exhibit at the Eden station ship farm products show. The Mayor said the committee had neglected to provide a display, as instructed.

J. P. Foralla, superintendent of streets, informed the Council that he has been forced to lay off all men performing street work because, after paying claims of the East Bay Water Company and for the outlet sewer on Perilla avenue the general fund has become depleted.

An ordinance was passed permitting the use of East Fourteenth street, from Toler avenue to the southerly city limits by the Council for the construction of a highway.

Dr. B. F. Mason protested the assessment against him for the construction of the Perilla avenue sewer, saying that \$250 was too high. A hearing was set for August 24.

The traction company presented a petition that an ordinance be passed making it a misdemeanor for passengers to talk to motorists. The request was referred to the judiciary committee.

A deal from J. E. Faustina and A. S. Weaver, conveying to the city Woodland avenue in Cherryland was accepted.

The board was notified that the railroad commission has granted the Western Pacific a permit to construct a spur across Martinez and Ramon streets.

Hotel Oakland Will Increase Its Rooms.

Plans for the reconstruction of the seventh floor, the abandonment of rooms used there by various city organizations, and the establishment of a large number of suites, are being made.

Residents of the valley who find Oakland a summer resort and who come here to escape the heat are taxing the capacity of the hotel this summer.

Guardians of City's Name Thank Jane Cowl for Task

By AD SCHUSTER

We who took part in last evening's exhilarating set of civic self-respect began to report "mister was passed, the ranks stood firm and imposing, and that Oakland stands charged with being able to support a really good play.

It was like this: the gauntlet had been thrown, and the Liberty theater had said in so many words: "We are going to put on a ding-busted good show and then sit back and see what happens." If only a few of its turnout, we were to take it we were a set of low-brows and our judgment and desserts would be rated even as little while was in department. But if we were an unworthy precedent and appeared in numbers—then would the city's reputation for culture and shipbuilding and such be secured.

FRINGE BLUSHES WITH SHAME. So it was that those who came early to see Jane Cowl in "Smilin' Through," carried with them a cape and last-year's overcoat, a weight of responsibility. They saw the seats filled, all but a fringe on the edges and before the evening was over they were pleased to find that the fringe was downright ashamed.

Those who have called this a serious attempt to put the psychic drama, to reflect on the stage the popular craze for spirit "manifestations," are beetle-browed men who cannot dream when they nap. The play is an exquisite fantasy, a dream-play done in soft colors and to the music of old love songs.

One of the unique manner of presentation without robbing for the others who will hold high the city's banner the pleasant surprise that it is theirs. From the moment the

Cantu Is Still on Job, But Reported Ready to 'Resign'

LOS ANGELES, Aug. 17.—Esteban Cantu, governor of the northern district of Lower California is "ready and willing to deliver the government of Lower California to the highest bidder," according to a telegram from Mexico City, which Robert V. Pesquiera, representative of the provisional government of Mexico, announced he received here today.

TROOPS REPORTED ON WAY. MEXICO CITY, Aug. 17 (United Press).—Three thousand more troops will be sent to Lower California today to press the campaign against Governor Cantu, who is in rebellion. War Minister Calles announced today.

CANTU DENOUNCED. MEXICALI, Aug. 17.—A proclamation issued by General Abelardo Rodriguez, chief of military operations in Lower California and subject of the provisional government, denouncing Cantu, was received here today.

"Your houses will be respected. Your persons, liberty and lives are sacred and will be protected. The troops under my command are disciplined and will merely restore order in this district," Rodriguez's proclamation said.

MEXICO CITY, Aug. 17 (By the Associated Press).—President Wilson is ready to recognize the present Mexican government if the latter agrees with the terms set forth in France.

HARDING'S LABOR DAY ADDRESS TO HIS HOME TOWN

MARION, O., August 17.—Senator Harding's Labor Day speech will be delivered in Marion to a gathering of the Central Labor Union. It was decided today at a conference on campaign plans between the Republican nominee and other party leaders.

The question of Harding's program prior to October 1 was expected to be threshed out today in a conference between Harding and party leaders. Senator H. H. Hays, national chairman of the speakers' bureau; Harry E. Dougherty, Harding's personal adviser; and Albert Lasker, connected with the national committee's publicity organization.

Taunts of Democratic leaders that they would drive Harding off his front porch serve to make Harding more or less reluctant to alter his plans, but his party advisers have been saying for weeks he would undertake a speaking tour.

Cox Makes Speech To Ohio Democrats

COLUMBUS, O., August 17.—The aim of the forces of the county is to bring an end to international anarchy, Governor Cox asserted in a brief speech before the Ohio Democratic convention this afternoon.

He made another vigorous attack on Senator Harding and reactionary groups.

Cox drew a parallel between the standings of Senator Harding and the standings of the party during the past eight years and brought the delegates to their feet to cheer and applaud.

"Senator Harding still believes in reaction; I believe in progress."

Shortridge Opens Fight for Senate

Samuel M. Shortridge, in an address last night in Chabot hall, opened his campaign for Republican nomination for United States Senator on this rolling earth.

Supervisor William J. Hamilton presided. Shortridge said in part: "I am a nationalist and not an internationalist. We are the nation's best hope."

"We have a country of 103,000,000 people. We have a constant government and we stand before the world unashamedly and unafraid. Instead of expending our strength on foreign battlefields, the time has come when we must look out for our own household, for we are holding this nation for the world to see."

"Our first duty is to think not of Europe, but of our own country and to do only things for our own benefit. It is the first duty of every good man to consider his own household and of every woman to consider her own friends. It is our duty—yours and mine—to think first of our own country."

"We have a great fertile valleys, high mountains clothed with forests and filled with riches. A sea coast a thousand miles long, with four great rivers, and a standard of civilization."

"I am unalterably opposed to the further coming in of Japanese to the United States."

"Today the nations of Europe are crying to America for help, but if we were in the league of nations they would order us to come and help."

"I believe in protective tariff to aid in paying the national debt and to protect American industry."

Clubman Drunk, Say Officers at Inquest

SAN JOSE, Aug. 17.—A thorough probe is being made into the accident which resulted in the death here Sunday morning of a 14-year-old boy, Richard Bucha, who was struck by the auto driven by William Field on Friday night.

The inquest, which began yesterday afternoon, was continued until today so that more witnesses could be examined.

Mrs. Curry, who with Fred M. Smith was a passenger in Field's car, testified that she had urged Field to stop after the accident and that he said he would drive on and get away.

Smith was then called to the stand and became greatly confused. He said that he had begged Field to stop but that the latter had refused.

Captain Hines and Detective Van Hubbard, who arrested Field, testified that the young man had been drinking and was under the influence of liquor when taken to the police station.

Auto Stage Drivers, Denied Raise, Strike

SAN DIEGO, Aug. 17.—All stage drivers out of San Diego have gone on strike for a 25 per cent increase in wages, according to company officials. This affects 21 carriers to Imperial Valley and 71 to Los Angeles.

It was reported here that the White bus line to the north from Los Angeles also was affected. The last cars were operated out from here at 7 o'clock last night.

LOS ANGELES, Aug. 17.—Following a refusal by the managers of the large stage lines operating south and east out of here, to grant a wage increase, more than 100 stage drivers went on strike here.

All drivers operating stages from Los Angeles to San Diego, Los Angeles to Bakersfield and San Diego to El Centro in the Imperial Valley are involved in the walkout, it was said here.

Child's Time With Parents Divided

SAN FRANCISCO, August 17.—Three nights a week and two Sundays a month with her mother, Mrs. Moina Schroeder, four nights a week and two Sundays a month with her father, Mrs. Schroeder is in the position which Judge Shortall made yesterday of Jacqueline Schroeder, 3, whose parents were divorced a year ago.

The child's arrangement was made months of the year to each, with the admonition that the child should not be taken out of the jurisdiction of the court. Mrs. Schroeder, two months ago, went to Spokane, Wash., with her baby. Schroeder swore to a warrant for her arrest. She returned to San Francisco. Modification of the original order ended the controversy.

LAND COMPANY BUYS PAPER SEATTLE, Aug. 17.—The Everett Morning Tribune is owned today by the Post Land Company, which purchased it at a receivership sale for \$10,075. E. E. Beard, of Vancouver, Wash., was the only bidder.

Animosity Marks Prosecution Of Metson, Defense Charges

Renewed charges that a special animosity has marked the prosecution of the case of Wilfred G. Metson, University of California student, charged with driving away without rendering aid after his automobile had stricken down and killed 1 Emil Ettersen on the night of May 4, were rung at Deputy District Attorney Theodore Witschen by Attorney W. H. L. Hynes, Metson's counsel, in the defense's closing argument this morning.

By postponing the noon adjournment one half hour, it was expected that the case could be sent to the jury before the close of today's court sessions.

Hynes also made the charge that the only reason that the district attorney had not charged Metson with manslaughter in this case was because "his experience with other manslaughter charges has not given them much encouragement."

"I took the easier way," he charged.

ROBBERIES RECALLED. Hynes then introduced into a review of numerous cases which recently have occurred in which motorists driving at night have been held up and robbed by auto bandits and "in many cases beaten as well and murdered." Knowledge of these robberies, he said, to hesitate before stopping on a lonely highway at midnight.

RUM SLEUTH OUT; 100 CASES TO FAIL

SAN FRANCISCO, Aug. 17.—Suspension of Samuel V. Thomas, prohibition enforcement officer, means discussion before the city council this morning. Frederick A. Parr appeared with a complaint against the delay in the authorization of the claim by Commissioner Soderberg.

The bill was presented Aug. 3. Parr told the council. After an amended bill was submitted cutting out \$748, Parr said the delay was unreasonable and that he disliked coming from San Francisco constantly on such a trivial matter.

"The claim cannot be put through without Commissioner Soderberg's approval," said Commissioner Edwards.

"I must have a letter from the city attorney," said Soderberg.

"The bill of the Howard Company are put through regularly, aren't they?" demanded Parr.

"Yes," replied Soderberg. "The Howard Company has never rendered an incorrect bill."

The bill was referred to Soderberg for a report not later than Thursday.

WHOLE FAMILY MISSING; FRANTIC HUBBY SEARCHES

The police are mystified this morning to account for the disappearance of an entire family last night.

Trailing five small children behind her, ranging in age from three to nine, Mrs. Georgia Carvahlo, 28, who lived at 1644 Thirty-second street, disappeared last night and at noon today no trace of them had been found.

The husband of the missing woman spent the night in the city's police station, waiting for him that about 7:30 in the evening they had seen Mrs. Carvahlo, with her five small children, leave the house.

Diplomats Face End In Storm at Beach

TOKYO, Aug. 17 (by the Associated Press).—Senator Martinez de Alva, Mexican chargé d'affaires here, and the Bolivian secretary of the legation, Georges Valdez, and his wife, narrowly escaped drowning while bathing on the seacoast at Dzuich, being swept half a mile to sea on a big wave when a squall broke. They eventually climbed on a small raft. The diplomat and the woman were borne out at sea for two hours, the report came repeatedly. Senora Munoz, wife of the Bolivian minister, who saw the situation through a telescope, sent Boy Scouts to sound an alarm. Sampan boats and Japanese fishermen capsize several times before they could be launched.

The volunteers rescued the diplomats and Senora Valdez in an exhausted condition.

Flour Head Given \$50,000 By Directors

SAN FRANCISCO, Aug. 17.—A gift of \$50,000 was presented to John H. Rossetter, president of the Sperry Flour company, by the directors at a stockholders' meeting held in this city yesterday.

The present was an expression of appreciation of the services of Rossetter, who placed the company on a sound financial basis.

William H. Crocker, one of the biggest stockholders, his vote for the gift, pointed out that Rossetter brought the company up from a losing proposition to one paying dividends and that in one year the business of the flour company increased \$12,000,000.

Under Political Spotlight's Eye

SAN FRANCISCO, August 17.—Senator Key Pittman of Nevada, Western Regional director of the Democratic campaign, in a telegram from New York announces that the itinerary of Franklin D. Roosevelt, Democratic nominee for vice-presidency, had been enlarged, also that he will speak at Fresno, Bakersfield and Los Angeles after visit to San Francisco on August 22.

San Leandro Hotel Man Must Answer

SAN FRANCISCO, August 17.—Prosper Godchaux, proprietor of the Estudillo House at San Leandro, which was raided Monday morning, and his daughter Emma were given a hearing before Commissioner Krull shortly before noon and held to answer with bonds at \$500 each.

PLANES READY TO START FOR SOUTH

SAN FRANCISCO, Aug. 17.—Expectations this morning were that before night all of the twelve navy airplanes which started for San Francisco Saturday from San Diego will be moored at Sausalito in San Francisco bay.

Eight of the dozen planes were there this morning. The other four still are at Moss Beach, south of San Francisco, tuning up and making ready for the flight on to San Francisco.

MISS HARRIET MAY MILLS of Syracuse, N. Y., has been named for secretary of state of New York by the Democratic convention at Saratoga Springs. She is the first woman named for this important office. She was born in Syracuse August 9, 1857, and is known as a lecturer and reformer as well as a prominent suffragist. She received an A. B. degree at Cornell in 1879. Photo from Underwood & Underwood, N. Y.

HOW OAKLAND PLAYS SHOWN IN TRIBUNE FILM

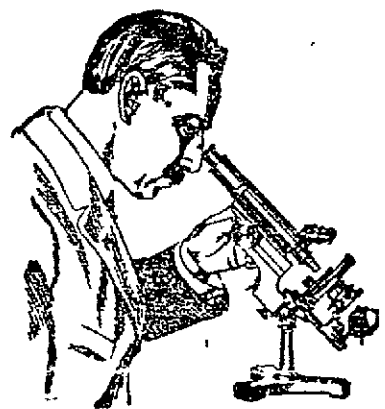

Oakland at play might be the title of this week's TRIBUNE-T & D. News Weekly now being shown at the T & D. theater. Scenes taken at the Oakland recreation and camping grounds at Wildland show the vast pleasure benefits Oaklanders are deriving from their vacations. Headed by the city swimming in the water. Other scenes on this week's TRIBUNE-T & D. Weekly show the recreation work being done by the Y. M. C. A. and flood scenes which show the queer havoc and pranks brought to automobiles. News events of current interest hold attention on the balance of the week.

School Club Finds 50 Teachers Homes

Homes have been provided for fifty teachers report by the housing committee of the Oakland School Womans club said today. Headquarters will be maintained during the coming fortnight in the offices of the city superintendent of schools. Seventy-five vacant rooms and apartments are still listed by the housing committee.

Summer-Spoiled Skin Removed by Absorption

As undue summer exposure usually leaves an undesirable surface of tan, redness or roughness, often freckles, too, the sensible thing to do is to remove such surface. There's nothing better for this than ordinary mercurized wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently, gradually, so there's no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercurized wax at the drug store, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness. Don't let those summer wrinkles worry you; worry breeds more wrinkles. Banish them by bathing the face in a solution of powdered salicylic acid, one ounce dissolved in a half pint with hazel oil. Use daily for a while this will be found wonderfully effective. Advertisement.

NEGLECT RESULTS IN LOSS OF HAIR

**Chicago Specialist Says
Proper Care Would Prevent
Many Cases of
Baldness**

The mere use of the comb and brush three or four times a day is not sufficient attention to pay to one of nature's most wonderful gifts, says Prof. John H. Austin, bacteriologist, hair and scalp specialist, of Chicago, who now has offices at The Owl Drug Co.

Both men and women owe it to themselves to keep their hair healthy, beautiful and abundant. Invited to private Office at The Owl Drug Co., 14th and Washington, Oakland, 778 Market St., San Francisco. Hours 10 to 12 and 2 to 4. Advertisement.

By showing you the roots of your own hair, magnified thousands of times, pointing out to you the parasites that are destroying your hair day by day, gradually killing every root until in time the head becomes entirely bald, you will be convinced that any delay may be deeply regretted. Prof. Austin says the use of mange cures, dandruff cures, hair tonics, etc., is like taking medicine without knowing what you are trying to cure.

FREE MICROSCOPIC EXAMINATION of the hair and scalp—both men and women invited—Private Office at The Owl Drug Co., 14th and Washington, Oakland, 778 Market St., San Francisco. Hours 10 to 12 and 2 to 4. Advertisement.

WEST COAST MAY GET CONVENTION

TACOMA, Wash., Aug. 17.—Governor Louis F. Hart, in relation to the talk among certain western governors to induce Senator Harding to appoint a western man Secretary of the Interior, if elected, has received an answer from the nominee. Senator Harding said:

"I appreciate fully what you say concerning the interest of your wonderful country in the matter of reclamation and development and I think I am in pretty cordial accord with the best thought of your people on the subject."

"There will be some suitable opportunity before long at which I can say something more fully on this particular question than I ventured in my speech of acceptance."

"I can readily see the propriety in the selection of a suitable western man for the portfolio which you mention. This is a matter that is going to receive most earnest and serious attention at the proper time. The one particular ambition in my work is to see that the country gets one of the strongest cabinets that can be brought together."

Mrs. Bessie Landis Is Sought By War Bureau

Mrs. Bessie F. Landis is wanted by the War Risk Insurance Bureau in Washington in connection with the payment of a \$10,000 life insurance policy carried by her husband, Charles H. Landis, who died while in the army in October, 1918. Mrs. Landis until recently was thought dead and settlement of the insurance claim was about to be made to the next of kin when the department received information which led it to suspend settlement until a further search for the woman could be made.

She is known to have lived in San Francisco, Oakland, San Diego and Los Angeles, but records of these cities do not show her death.

Wilson Eighth World Figure, French Say

PARIS, Aug. 17.—President Wilson is eighth on the list of great men growing out of the World War, selected by the readers of the magazine "Je Sais Tout," after several months' voting. The list, based on the greatest number of votes received, follows in part:

Marshal Foch, ex-Premier Clemenceau, Marshal Joffre, Marshal Petain, General Gallieni, King Albert, Premier Lloyd George and President Wilson. General Pershing, Secretary of War Baker and other Americans were far in the rear.

RIPE OLIVES TO BE MARKETED IN WIDE CAMPAIGN

Nine million cans of ripe olives gathered yearly from the 40,000 acres of California olive orchards, will be distributed throughout the United States in a big advertising and educational campaign just launched by the National Cannery Association, the Cannery League of California and the California Olive Association.

The Olive Association has conducted experiments which prove that the olive can be kept as well as any canned fruit or vegetable through sterilizing, and this will make national shipments more assured.

Forty-two processing plants, worth \$25,000,000, care for the olive output. Since the beginning of the industry fifteen years ago, 130,000,000 containers of ripe olives have gone on the market.

Lawyer's Plea Raises Clients' Claret Fine

SAN FRANCISCO, Aug. 17.—Like the jurymen who was paid to hold out for a manslaughter verdict by the defendant and who "held out" for acquittal, John L. McNab yesterday succeeded in having Federal Judge Frank H. Rudkin fine his four clients \$25 each, \$100 by deducting it from the \$250,000. In defense of Morris Iverson, William Meyer, Charles L. Meyer and Leonard Williams charged with taking three bottles of claret to a picnic, McNab pleaded for leniency with Judge Rudkin and asked that his clients be assessed only \$25 each.

"I was going to fine them \$10 each," but since you insist will make it \$25."

Fritz Seniebre Breneiser were fined \$259 each for violating the prohibition laws. Bonds for P. Goldbaum, his son Sam, and daughter Emma, proprietors of the Escondido House, San Leandro, were fixed at \$1000 each by U. S. Commissioner Francis Krull. Federal agents said the Godchaux served wine with meals.

Native Sons Will Visit Show Tonight

The Native Sons will make merry at the Fulton theater tonight, when Oakland Parlor No. 50 of the order of the big brown bear will hold its annual theater party while watching the performance of Richard Walton Tully's most recent comedy success, "Keep Her Smiling." The funds derived from the sale of tickets will be used in some of the lodge's pet projects. Several hundred members and their friends are expected to attend.

The committee in charge is composed of George J. Barron, Frank Norris, J. W. Bailey and C. H. Case.

LICENSES GAIN \$3400 IN YEAR

City Clerk Cummings this morning reported collections of the license bureau for the year ending June 30, 1920, at \$71,279.63, against \$67,880.49 last year.

Another ordinance changing the requirements of the old building ordinance was adopted. It regulates the use of interlocking concrete slab construction, allowing a wall of less thickness than was demanded under the old measure.

Richenbacher Joins Oakland War Post

Advertisement was made yesterday by Vice Commander Herbert of the local post of the Veterans of Foreign Wars, of the election of Captain Eddie Richenbacher, who is to become a resident of Oakland soon. Richenbacher is now a member of the Washington, D. C. post here recently made application for transfer to the local post.

As a member of the Washington post, Captain Richenbacher had more than 1000 enrolled as a result of his personal efforts.

Next Thursday evening members of the local post are to journey to San Francisco to visit Jacob Smith post of that city. The regular meeting of the local post will be held Friday evening.

McCarthy Divorce Action Is Renewed

SAN FRANCISCO, August 17.—Charging that Milton S. McCarthy deserted her August 7, 1919, at which time a property settlement was made, Mrs. Betty L. McCarthy has filed a suit for divorce in Superior Court. The couple eloped in 1914, aroused a license clerk late at night, and were married. In September, 1919, McCarthy published a notice outlawing his wife's bills and she sued for divorce, saying he was cruel and drank to excess. His cross complaint made the same charges. They were then reconciled.

KNIGHT NOT KNIGHT.

George F. Knight of Salt Lake City, Utah, who has been visiting his brother, J. G. Knight of Alameda, has been confused in identity with a suspected bank robber of the same name, according to the Alameda man. J. G. Knight complained today that he was kept busy explaining that his brother was not a bank robber, so he issued an announcement to his friends settling the question once and for all.

TUNITAS TRAINS STOP; WORKERS DEMAND RAISE

SAN FRANCISCO, Aug. 17.—Hundreds of San Francisco workers living down the coast on the Ocean Shore Railroad, which operates between here and Tunitas, thirty-eight miles south, are withholding their usual means of transportation today because the train crews of the railroad have quit their jobs and trains have stopped.

The trainmen say the recent Railroad Labor Board wage award applies to them and have demanded it from the company. As the Ocean Shore Railroad is not named specifically in the list of railroads to which the award applies, the company contends that it is not bound to grant the award.

The company says that in 1919 it went behind \$34,000 and is not in a position to add \$20,000 to the payroll which the award would entail. An effort to obtain other trainmen to operate the trains is to be made.

Exhaustion Predicted For Gasoline and Oil

SAN FRANCISCO, Aug. 17.—A new form of motor power must be found, according to Professor C. F. Mabery of the Case School of Applied Science. The present sources of power, oil and gasoline are growing short and unless some new motor is invented taking its power and energy directly from the sun, wind, rain or other natural source of energy, the motor industry will be lost.

Professor Mabery in a talk before the members of the American Chemical Society at the Engineers' Club yesterday said extensive tests have shown that there no longer exist adequate quantities of pure gasoline hydrocarbons and that hereafter users must look for increasing quality and increasing prices.

With respect to lubricants, Dr. Mabery says that the same thing does not apply. Heavy asphaltic oils of Texas, California and other states can be refined into very high-grade lubricants by careful and systematic refining.

TRAINMAN KILLED.

MARYSVILLE, Cal., Aug. 17.—A. R. Massey, employed by the Sacramento and Northern Railway, was killed instantly here today when he was struck on the head by a moving lumber car while engaged in coupling cars.

25,000 ACRES OF FOREST BURNED

Six forest fires which have been burning since Aug. 4 and which are still beyond control, have already covered more than 25,000 acres in California, according to an estimate made today by the Department of Forestry. Three are in the Hat Creek district of the Lassen national forest, two in the Modoc and one in the Trinity forest. The air is so filled with smoke that neither the regular lookouts nor the air patrols are able to discover the new fires until they have assumed alarming proportions.

The department says that a lightning storm on August 4 started 250 forest fires in the state, and expects that the opening of the deer season will be responsible for new blazes. Co-operation has been asked of the railroads and their employees, the lumber and power companies, drivers of stages and others and every precaution is being taken to insure against the outbreak of new fires.

A blaze said to have been started by a donkey engine at the Caldor Lumber Company, near Placerville, burned two cars, a quantity of cable, logging tools, and more than 140 acres of timber. The blaze is reported under control today.

Thirty fire fighters from Oroville were rushed to the vicinity of Jack's ranch nearby to fight a large forest fire which is there raging. The blaze is said to have been caused by a burning automobile.

Texas to See Reel of Oakland Playground

Moving pictures of the activities on the Oakland playgrounds conducted under the supervision of the recreation department will be shown at San Antonio, Texas, next week when J. B. Nash, superintendent of Recreation goes to the southern state to give a number of lectures.

The fame of the local recreation department and its system of co-operating with the physical education departments of the public schools, has traveled throughout the country and Nash has been asked to deliver a series of five lectures on the subject before a large convention of teachers in the Texas city. The pictures include May festivals, regattas, pageants, games and exercises.

HUSBAND QUITS, WIFE DIVORCED

Letter of remorse for anger which led him to leave his wife three years ago secured a divorce for Edward J. Gibbons from her husband, Edward J. Gibbons, former county clerk in San Francisco.

Gibbons lives at 2535 Market and sued for divorce on simple grounds of desertion.

His letter was in answer to one which was sent him to an address which he gave to a friend in which she told him of the death of her son.

It was in answer to one which she wrote him to an address which he gave to a friend in which she told him of the death of her son.

Great Western Power Opens New Station

SAN FRANCISCO, Aug. 17.—With 155 miles of the highest voltage transmission wire in the world, running from Corbin on the north fork of the Feather river, to San Francisco, the Great Western Power company of California will have the largest power producing plant on the Pacific coast this fall when the installation of the wires is completed.

The company will have four of the largest waterwheels ever made in operation at the plant when it turns on the second two units of its power station, making a total of 140,000 horsepower of hydro-electric energy as compared with 86,000 horsepower at present. The new Corbin, or second plant, is 75 per cent complete.

For the purpose of inspecting the construction work now under way, a party of 64 investment bankers of California and others interested in the project were the guests of the power company Saturday and Sunday. The party left San Francisco Friday and returned Monday.

Pretty Home Wedding in Claremont

A sudden change in the plans of Miss Edna Howell and Wilbur Ladd Moody, who were to have been married at the home of the bride's sister in Brookdale in the Santa Cruz mountains, resulted in their wedding Sunday afternoon at the home of Mr. and Mrs. C. N. Twining at 2712 Claremont boulevard. The service was read at 2 o'clock by the Rev. Arthur C. Shepherd of Grace Methodist Church in San Francisco.

It was a simply appointed ceremony read before relatives of the two families and a few intimate friends. Shasta daisies and white flowers were the decorations, while at the wedding dinner pink sweet peas formed the centerpiece.

The bride was in white, and the groom in a tuxedo. The bride's hair was styled in waves, and she wore a veil. The groom wore a white shirt and a dark tie.

HALF-FARE CAR TICKETS SOUGHT

The City Council will be asked by the Board of Education to demand of the San Francisco-Oakland Terminal Railways a half fare on the company's lines for Oakland school children, under action taken at a meeting of the board last evening on the recommendation of Director Fred A. Campbell.

The half fare campaign will be taken before the council by a committee of three, the educational body the movement of which was authorized by the board last evening on Campbell's motion. The committee will be appointed by President Floyd Gray.

In launching the movement last night Campbell declared that Oakland was being discriminated against by the company in that a half rate was granted Alameda and Richmond school children while a full fare is demanded in Oakland with the result that many poor families suffered from having to send their children to school.

Campbell suggested a system under which each school child would be provided with a certificate by his principal, the certificate being negotiable for half-fare books. The half fare is to be taken advantage of only in trips to and from school.

U.S. Congressmen Are Welcomed in Peking

PEKING, Aug. 16.—Members of the congressional party visiting the Far East were guests at a dinner at the foreign office today. Tomorrow they will be received by the president.

DEATHS

BAILEY—Entered into Life Eternal. In this city, Aug. 16, 1920. Aubrey Bailey, husband of Maude F. Bailey, a native of Zanesville, Ohio.

BRANTHAVER—In Berkeley, Aug. 16, 1920. George Branthaever, beloved wife of Howard L. Branthaever and loving mother of Vera Branthaever, a native of Yuba Co., Cal. Aged 78 years.

CHIPPCHASE—In Woodland, Cal., Aug. 16, 1920. Mary Chipp Chase, wife of C. G. Chipp Chase of Burlingame and Mrs. O. Armstrong of Yuba county, Cal. Aged 78 years.

DILLON—In San Jose, Cal., Aug. 16, 1920. Malachuk Dillon, beloved wife of the late Joseph and Katherine Dillon.

JOHNSON—In this city, Aug. 16, 1920. Esther Christina Johnson, beloved wife of Einar Johnson and loving mother of Mrs. Ruth Johnson, a native of Denmark. Aged 78 years.

MARRIAGE LICENSES

Claude C. Black, aged 27, and Wilma E. Hayes, aged 23, both of Berkeley. John C. Leonard, 31, Ripon, and Gladys Weidenmiller, 19, Oakland.

GRAPE CROP IS DAMAGED BY INTENSE HEAT

STOCKTON, Aug. 17.—That the grape crop, both table and wine, in the Lodi section has been damaged from 10 to 15 per cent by the unusual hot wave is claimed by growers and experts today. The grapes are said to be shriveling, as if exposed to a bonfire.

Giants' Leader Asks That He Be Indicted

NEW YORK, Aug. 17.—John J. McGraw, manager of the New York Giants, today demanded through counsel that he be indicted that he might establish, before a competent tribunal, the innocence of any participation in bringing about injuries to John C. Slavin, actor, who was found about a week ago unconscious in front of the McGraw home.

TRAIN IS DERAILLED

CHICAGO, Aug. 17.—Five cars on Santa Fe road No. 10, which is derailed at Lorenzo, Ill., early today. No one was injured.

Here is an opportunity to buy a dress that will give lots of wear at a very small investment.

TAFFETA Dresses \$23 Values to \$75

KILL ROAD BIDS; MATERIAL SHORT

MARTINEZ, August 17.—Because it is impossible to secure highway material the board of supervisors yesterday rejected, without opening their bids for construction of two short stretches of highway. County Surveyor R. B. Arnold reported the Southern Pacific is unable to make delivery of rock and sand, and recommended the contracts be not let. The two sections were a half mile at the outskirts of Walnut Creek and a short stretch connecting the Lafayette highway with the main street of Walnut Creek.

San Pablo highway, constructed by Contractors Rodgers and Rose, was accepted as completed and a 60 days' extension of time for the completion of the Franklin canyon highway was granted to O'Brien Brothers.

Notice was received by the board that the Railroad Commission had set September 10 as the time for hearing an application of the Hercules Water Company for an increase in its rates.

YOUTH IS INJURED
SAN FRANCISCO, August 17.—Dana Fuller, 17, son of W. W. Fuller, paint manufacturer, was run into by an automobile driven by M. Macaglia while riding his motorcycle on the Great Highway near Baden yesterday.

The Letters of Tessie and Joe

Joe is a traveling salesman. Tessie is his loving wife. Follow their letters in The OAKLAND TRIBUNE.

DEAR TESSIE:

Believe me, your letter saved my life today. I hadn't placed an order for a single can of soup all day, and I was feeling about as cheerful as the seven-year itch when your letter came telling me about the kid turning over on its back all by itself. Some husky, heh, for three months! I wouldn't leave him overdo it, though, if I was you, Tessie. I wouldn't want any child of mine to grow into a circus acrobat. Not that I'm a snob or anything like that, and a circus acrobat is entitled to as much respect as anybody else as long as he behaves himself, but "brains before muscle" is my motto and always has been.

Although, nowadays, Tessie, the more of a bulge a man's muscle puts in his arm, the more of a bulge his pay roll is liable to put in his pants pocket. Anybody knows it takes pure brains to sell Daisies Canned Soups—not that I'm knocking my own line but some of others is better, that's all—and sometimes by the time I'm through reasoning with some of them thick grocers my "—" is in a perfect perspiration. And yet I bet a 1914 dollar to a modern doughnut that if I was out swinging a pickaxe somewhere all day long with my mind a perfect blank I'd be making just as much money. The fellow that said "in unions there is strength" said a mouthful, I'll say.

The other day I was reading about a bank cashier who went and took a job working on the docks so he could support his family in the style he wanted to get accustomed to. And I consider he done just right. Counting other people's \$100 bills for a income of \$18 a week is no life for a man with a backbone even if it has got a white collar around the top of it. Us brain workers will organize some of these days, Tessie, and then you'll see the fly. Maybe some of it'll fly around your neck in the shape of a seal skin scarf. Joe.

Well so long, Tessie, old better half. Keep showing the baby my photograph (not that last one) so it won't be surprised when it sees me.

Lovingly,
JOE.

MY HEART AND MY HUSBAND

BY ADELE GARRISON

(Continued from yesterday)

But I soon saw that I would never be able to learn anything about motor driving from my husband. He has not the faculty of imparting knowledge, and his cocksureness kept him from granting the request I repeatedly made to let me learn by asking him questions.

"What rot!" he finally stormed. "Just because you're a history teacher, you think you have the only patented system for reaching anything. You're just obstinate, that's all. Now open the car, take that wheel and start the car."

With every faculty fixed upon the instructions he had given me I managed to get the car started and ran along for some rods smoothly. Then from around a bush-screened corner just ahead of us rolled a magnificent big touring car. To my frightened eyes it seemed headed straight for me. I gave the wheel a sudden twist, and to my horror shot almost directly toward the car instead of away from it. And in that moment of terror I saw in the driver's seat of the other car the man whom I had seen blind and helpless.—Maj. Hugh Grantland.

I shall never be quite clear as to the happenings of the second following my unfortunate turning of my car almost across the path of the one driven by Major Grantland. I heard a shout, and the next I knew there was a crash and I was thrown violently around Dicky.

I felt his arms around me, realized that he had tried to shield me from whatever was coming, and I was not hurt, and straightened myself in his arms.

"I am perfectly all right, Dicky," I said reassuringly for I knew from the torrent of inquiries he was pouring out that he was uninjured, and was only anxious about me.

"Are you sure, Mrs. Grantland?" the voice demanded from the other car, which looked as if it were wedged into ours.

Dicky looked at him startled. It was the first time he had recognized him, apparently.

"Why, hello, Grantland!" he said heartily. "Can this really be you? Oh, yes, old chap, I hope we didn't spoil your car."

"Never mind the car," the other man returned a bit shortly, the while his eyes fairly burned my face with their searching intensity. "Are you sure Mrs. Graham is not injured in any way?"

"Positively sure," Dicky returned, "thanks to you. If it had been for the way you slewed that machine around I'd hate to think of where we three might have been. You see, Mrs. Graham is having her first lesson in motor driving today, and naturally lost her head. I am entirely to blame. I should have grabbed the wheel the moment I saw you."

I do not think that Dicky intended or was even conscious of the patronizing note in his voice as he explained matters. But that Major Grantland recognized it I knew from the unmistakable resentment in his eyes. As for me, I found that I was watching those eyes with an intensity of which I was ashamed.

The mental tension had been too great for my peace.

The last time I had seen him in Lillian's library he had been helplessly groping his way about, a blinded man. And now he was suddenly in full possession of his sight, at least I could see no difference in his wonderfully brilliant eyes with the hint of steel in them which I remembered from my first memorable encounter with him. He must have had a miraculous recovery.

"I am afraid I was responsible for stunning Mrs. Graham," Major Grantland replied. "The last time she saw me I was blind, to all appearances hopelessly so. My appearance with restored sight, driving a car, would be enough to startle even the most experienced drivers than she."

It was a patent attempt to excuse my shortcomings, one for which I did not particularly thank him, especially when I felt rather than saw Dicky stiffen slightly beside me and heard him say with punctilious courtesy:

"You are very kind, I am sure. But don't you think we'd better look these cars over?"

"Yes—after Mrs. Graham gets out," Major Grantland promptly responded. "They are locked here in such a way one of them may run over when we try to separate them. If you will take Mrs. Graham away I will see whether my boat will reverse or not."

Dicky threw back his head angrily. "What do you mean, Grantland?" he demanded. "Dye think I'm apt to let you pull off a stunt like that alone? Get out, dear," he turned to me, "and then Major Grantland and I will see what we can do with these machines."

"I beg of you, Graham," I heard Maj. Grantland say in a low voice, "not to distress your wife by remaining in the car. She has had shock enough. Besides, it is your car this is shipped alone is in no danger. I have been in similar smashups across. If you'll just permit me to try reversing my car."

"All right," Dicky said a bit sulky, following me out of the car and in another minute or two Major Grantland had skillfully drawn his own car away from ours, which was righted itself smoothly enough when the officer's machine was removed from it.

(To be continued.)

RUMFORD

THE WHOLESOME
BAKING POWDER

Gives the best results in all home baking. The inexperienced as well as the master cooks find sure success in Rumford. It raises your cakes and hot breads just right—makes all home baking of that even texture sought for by all particular cooks. Unsurpassed by any leaven at any price. Prove it yourself.

RUMFORD COMPANY, Providence, R. I.

ARMY FLYERS REACH ALASKA

WRANGEL, Alaska, Aug. 16.—The army airplane expedition, en route from Minocla, New York, to Nome, Alaska, reached here late Saturday afternoon, having traveled the 219 miles from Hazelton, B. C., in two hours and twenty-seven minutes. A perfect landing was made on Serf Island near here and was witnessed by the entire population of Wrangell, including a number of Indians, to whom the planes were objects of great interest.

Captain St. Clair Street said the flight from Hazelton to Wrangell was over an almost continuous chain of glaciers and had proved by far the most interesting part of the trip. The aviators took a number of pictures while in flight.

Mayor John G. Grant delivered to Captain Street a cablegram from Governor Thomas Riggs, welcoming the aviators to the territory and regretting he could not be present to greet them. At the request of Mayor R. E. Robertson of Juneau, Captain Street promised that the airplanes would fly over that city on their way north. The expedition was to leave for White Horse, Yukon territory, a distance of 300 miles.

SAILOR DRINKS COMPASS JUICE; CRAFT WRECKED

LOS ANGELES, Aug. 17.—The compass of the Joe Presley II, a kelp barge, northbound from this port, went wrong. It was discovered that a thirsty sailor had been unable to resist the temptation of the alcohol in which the compass needle floated. He drank it and substituted kerosene. The vessel today was reported to be pounding itself to pieces off Malibu point.

Oakland Cleaners Cut Into S.F. Field

SAN FRANCISCO, August 16.—That a number of small Oakland cleaning and dyeing firms are taking the San Francisco trade by cutting prices is stated in a letter received by the Board of Supervisors here today. This is made possible by the fact that they do not have to pay the \$10 quarterly tax that the local men must pay. The letter also states that these firms are not doing the same grade of work as the San Francisco firms and that they are causing a lowering of the standard of work, which tends to disrupt the association.

The writers ask that the Board of Supervisors stop the activities of the transbay firms and particularly of the Oakland solicitors.

Parlors Will Fete Daughters' Leader

MONTEREY, Aug. 17.—Mrs. Bertha Briggs, grand president of the Native Daughters of the Golden

West, will be the guest of honor at a reception at which the parlors of Monterey county will be hostesses in Monterey on Thursday night. The compliment to the new executive is under the auspices of Junipero Serra Parlor No. 141.

COUNCIL MEATS

Better Meats That Cost Less
No Waste · No Ice Needed
Always Tender
Ready-Cooked To Perfection

Stop Buying Water—at the price of meat

A GOODLY part of the meat you buy is water, and when the meat is cooked much of the water in it—for which you have paid—goes off in steam. The water is just so much more waste for which you pay, just like the uneatable trimmings.

Council Meats in cans are ready-cooked—the water isn't counted in the weight for which you pay. Neither is there any waste, for every bit of a can of Council Meats is good nutritious food.

And it is so easy to prepare Council Meats!

Take Veal Loaf for instance. To prepare it yourself at home means a good bit of work and trouble and time. But when you buy Council Veal Loaf it is all ready-cooked and it only has to be warmed in the can—opened—sliced—served. All the other Council Meats are just as easily served.

MONEY IS MADE HERE, IT'S U. S. GREATEST MINT

PHILADELPHIA, Aug. 17.—The Philadelphia mint turned out \$60,000, 50 cents in the last fiscal year. Raymond T. Baker, director of the United States mint, gave out the figures after inspecting the institution. Few die-cutting machines, electric presses and carrying devices have been installed within the last year. Efficiency methods have been devised which greatly increase the output.

The increase last year was about 100 per cent. In 1919 a little more than 300,000 coins were produced. Baker recently returned from San Francisco mint, where he is preparing to install improved machinery similar to that in the Philadelphia mint.

"With the recent additions," said Baker, "the Philadelphia mint is now one of the largest mints in the country, but manufactures a larger number of coins than any other mint in the world."

REGION TO TRACE MISSING SOLDIERS

The local posts of the American Legion have been requested by national headquarters of the organization to co-operate with the national "leg" in carrying on a search for missing soldiers. The legion is now conducting a search for missing soldiers and sailors of the American Expeditionary Forces. Cases are being handled where official records have run their course and the soldier has been reported as "missing" or "killed in battle." In each case it is claimed that definite or reliable information has not been received by the family of the soldier or the legion in question.

There are 2,000 of such cases now on hand, and how many more unknown cases there are probably will never be exactly determined. There are instances where men sailed for France and straightaway disappeared on the face of the earth. No constructive word has ever been received from them. There are hundreds of cases of men reported "killed" or "lightly wounded," and no other word, until months later, perhaps, a court official announcement of presumed to be dead.

Cases are on file of men reported as dead, then reported wounded, later missing and later returned to duty. Some cases relatives have received letters written by the soldiers' hands months after he was reported missing or killed in action. In some of these families have never heard from their soldier again.

The American Legion is seeking information concerning men reported missing, killed in action and dead, who have later been heard from, or seen by a comrade, but who have never returned home.

Leaders in Denver Strike Sent to Jail

DENVER, Aug. 17.—Seven members of the executive committee of coal miners' union, U. M. W., Association of Street and Electric Railway Workers, which went on strike August 1, were sentenced to 30 days in the County Jail for contempt today by Judge George C. Whitford in district court. They also must pay the costs of their action, under the ruling.

The men who were found guilty on days of calling the street car strike, in violation of an injunction, are Henry Silberg, president; J. A. Parker, J. E. Barnett, A. Coffey, J. McKiddie, J. P. Stegals and S. B. Schorpp.

Soviet Seizes City; Sets Up Own Rule

LONDON, Aug. 17.—Following a revolution a new republic government has been set up at Drontheim, Norway, the soviet government wireless from Moscow announced this afternoon.

There is no city of Drontheim in Norway. Tromsø is probably referred to. It is one of the largest cities in the country and is about 200 miles north of Christiania.

Mint to Turn Out Philippines Coins

MONTILA, P. I., Aug. 17.—Coins of the Philippines currency are made at the government mint recently opened here. One centavo pieces (one cent) will be issued for a time. Five centavo coins may be turned out.

American Athletes Are Scoring Many Victories In Olympic Contests

ANTWERP, Aug. 17.—America maintained its lead in the Olympic games and at the close of today's contests the score was:

America	68 1/2
Finland	34
England	18 1/2
Sweden	13 1/2
France	12
South Africa	4
Estonia	2
Norway	1

Six complete events have been contested so far.

ANTWERP, Aug. 17.—The American team won four gold and three silver places in the high jump in the Olympic games here today. R. W. Landon of New York set a new Olympic record for the high jump by clearing the bar at one meter and 94 centimeters (6 feet 4 1/4 inches). H. P. Muller of San Francisco and Eklund, the Swedish jumper, were tied for second place.

J. Murphy of Portland, Ore.; W. L. Whalen of Boston, and Baker of England were tied for fourth place. America defeated England in fencing with blades today, winning third place. Each team won 8 bouts, but the Americans scored 32 touches against 21 for England.

The American fencers yesterday defeated Denmark 8 to 3 in foil, but lost to France 14 to 2. Italy took first place by defeating France 10 to 1, France winning second place.

Contests with individual foils and in team duelling swords competitions began today. Major E. W. Honeycutt, Captain R. Sars, Captain H. M. Kayser, Arthur S. Lyon and H. C. Brockbridge made up the American team which fenced Monday.

NAVY WRESTLER VICTOR

In the Greco-Roman wrestling preliminaries yesterday Swiggart of the United States navy defeated Panigieri Italian, with a double arm bar after three minutes of wrestling. The Italian kissed the American at the conclusion of the match and Swiggart returned the salute.

The first qualifying heat in the 10,000 meter walk was won by Prigiero of Italy. J. B. Pearson, New York A. C., was second; Parker of Australia third; Pares of Italy fourth; C. E. J. Gunn of England fifth and Segers of Belgium sixth. W. J. Polker of the New York A. C. was seventh, being shut out, as only the first six qualify. The winner's time was 47 minutes 2-5 seconds.

After the first heat it was discovered that the course was one lap short. The heat will stand but the time was thrown out.

Encouraged by their impressive showing in the finals of the 400 meter hurdles and the 100 meter dash, the morale of the American Olympic contestants was at high tide today.

The fact that Frank Loomis, Chicago, clipped a whole second from the previous world record in the 400 meter hurdles, caused the competitors again to measure the track. They found it a few inches short of standard.

Coach Jack Moakley declared he was greatly pleased with the showing of the Americans and was confident they would hang up some more records before the contests were over.

John Hay, long distance runner, who strained his leg muscles in training on the grass, was better today.

Walker Smith, who was injured in the same manner, also improved and was expected to start in the hurdles.

JUMPER INJURED

America's chances of winning the Olympic broad jump were dealt a severe blow when Sol Butler, the Dubuque, Iowa, negro, pulled a tendon in his first jump and was forced to retire. His leap did not qualify him.

B. L. Templeton of the Los Angeles A. C. and Johnson qualified. J. M. Merivault, San Francisco, failed to qualify. It had been regarded as practically certain that Butler would win this event. The heat qualifying for the final of the broad jump resulted as follows:

Petterson, Sweden, first, distance 6.84 meters; Abrahamson, Sweden, second, 6.58 meters; C. E. Johnson, University of Michigan, third, 6.82 meters; Frankson, Sweden, fourth, 6.73 meters; R. L. Templeton, Lehigh Stanford University, fifth, 6.67 meters; A. Aastad, Norway, sixth, 6.62 meters.

POLICEMAN QUALIFIES

Pat McDonald, the huge policeman shotputter of the T. A. C. easily qualified for the shotput. H. D. Liveredge of the navy also qualified. R. Bihlman, Olympic Club, San Francisco, and H. G. Cann of the New York A. C., however, fell short and were shut out.

Nicklander, the Finnish giant, was best in the trials for the shot, his toss reaching 47 feet 5 1/4 inches. Porhola, Finland; Nilsson, Sweden and Hammer of Estonia also qualified.

The last of the protests over placing the men by judges of the 100 meter dash yesterday was not heard. Motion pictures of the event have been developed and presented. They show clearly that three Americans, Kirksey and Scholz crossed the finish first in the order named. Edwards of England, Alikhan, the French-Algerian, and Loran Durison of the New York A. C. finished in the order named. A meeting of the Olympic committee was to be held this afternoon on the protest. Official action was expected to result, with a possibility that the awards might be changed.

Four American athletes qualified for the finals in the 110 meter hurdles. They are H. E. Barron, Meadowbrook Club, Philadelphia; W. Young of Los Angeles A. C.; Fred S. Murray, New York A. C.; and Walker Smith of the Chicago Athletic Association.

Barron's performance was excellent, but he was defeated by Thompson, a Canadian, who is presently who holds the world's record for the 110 yard hurdle.

When the jury took up the protest by the French in the 100 meter race yesterday, it unanimously voted to disallow them. The jury announced, however, that Scholz was placed fourth, Alikhan fifth and Murdock sixth.

NEW YORK, Aug. 17.—In the trials for the 110 meter hurdles, F. S. Murray of New York won the first heat in 15 4-5 seconds. W. Young of Los Angeles won the second heat in 15 2-5 seconds and Walker Smith, who ran despite his injured leg muscles in a heroic performance, won the third heat in 15 1-5 seconds.

H. E. Barron of Philadelphia took the fourth heat in the 110 meter hurdles making the fourth American to finish first in the preliminary heats. Barron defeated Earl Thompson, the crack Canadian, who is considered the greatest hurdler in the world.

Thompson has been slow and as the race was only the trial, he did not extend himself. He only desired to qualify and did so easily in finishing second. The time was 15 1/2 seconds.

FRANCE WINS RACE

The Americans failed to finish in the finals of the 500 meter run, which was won by Guillemot of France. Nurmi of Finland was second; Backman, Sweden, third; Koskeniemie, Finland, fourth; Blewitt, England, fifth, and Seagrove, England, sixth.

C. Furnas, Purdue University; H. C. Brown, Boston, and I. C. Dresser, New York, the American entrants, dropped out. The time was 14 minutes and 55 seconds.

Jack Moakley, the American head coach, is negotiating with Colonel Jackson of the British team for a dual meet between the American athletes entered in the Olympics and the British contestants. It was learned today. The arrangements are practically completed.

A dual meet would be held in London September 4.

Hill of England won the 300 meter run with Earl Eddy of the Chicago A. A. second. Ruddy of England and Jennings of Wales captured third and fourth places. Fifth went to Lieutenant M. D. Scott of the American team and sixth to A. B. Sprout of the Los Angeles club. The time was 1:15.2.

Following are today's summaries in Olympic events:

10,000 meter walk—First heat: Won by Prigiero, Italy; second, Herman, America; third, Parker, Australia; fourth, Pevesi, Italy; fifth, Grum, England; sixth, Seghers, Belgium. Time, 47:06 2-5. Second heat: Won by Behn, England; second, McMaster, South Africa; third, Maroney, America; fourth, Spain, America; fifth, Melendez, Spain; sixth, Doyen, Belgium. Time, 51:24 3-5.

Broad jump, trials (six qualified)—Peterson, Sweden, 6 meters, 24 centimeters; Abrahamson, Sweden, 6:48; Johnson, America, 6:43; Templeton, America, 6:37; Aastad, Norway, 6:32; Butler, America, eliminated by 2 centimeters.

SHOT MEN QUALIFY

Shotput, trials (six qualified)—Nicklander, Finland, 13 meters 13 1/4 centimeters; McDonald, America, 14.8; Porhola, Finland; Liveredge, America; Nilsson, Sweden; Tammer, Estonia; Gunn, and Bihlman, Americans, eliminated.

110 meter hurdle, trials—First heat: Won by Murray, America; second, Gray, England. Time, 15 4-5 seconds. Second heat: Won by Young, America; second, Bihlman, Sweden. Time, 15 3-5 seconds. Third heat: Won by Smith, America; second, Christensen, Sweden. Time, 15 4-5 seconds. Fourth heat: Won by Barron, America; second, Thompson, Canada. Time, 15 1-5 seconds.

In the tug-of-war trials, England won from the United States, 2 to 0.

The Olympic committee announced it had unanimously rejected the French protest against the award of fourth place in the 100 meter dash to J. V. Scholz of the University of Missouri. The French claimed Alikhan, their entry, finished first.

High jump—Won by Landon, America; second, Muller, America, and Eklund, Sweden, tied, fourth, Murphy and Whalen of America and Baker of England, tied. Height, 1 meter and 94 centimeters (6 feet 4 1/4 inches), a new Olympic record.

5000 meter run, trials—Won by Guillemot, France; second, Nurmi, Finland; third, Backman, Sweden; fourth, Koskeniemie, Finland; fifth, Blewitt, England; sixth, Seagrove, England. Time, 11:57.

Tug-of-war, trials—England beat America, 2 to 0.

NO SYMPATHY IN U. S. FOR REDS

WASHINGTON, Aug. 17.—No matter how strongly European labor may support the Russian Soviet, American workers will not go in with them, according to the belief of American Federation of Labor officials expressed here tonight.

An appeal from French labor not to approve any action against the Soviets was reported Sunday to be on its way to the United States.

Organized labor in America, federation officials pointed out, is on record as being unalterably opposed to the Soviet Union.

At the Montreal convention in June when the report of the executive council, condemning bolshevism as a "hideous doctrine," was adopted unanimously.

A French Congress is now in session against the Soviets, his associates pointed out. They cited his editorial in the October "Federationist," in which he viewed "with heavy heart the terrible curse" and expressed the belief that "no more monstrous or degrading form of government ever has been set up."

National Federation officials refuse to take seriously the resolutions passed by the Chicago Federation of Labor threatening a general strike vote if the United States extends material aid to Poland against Russia. Leaders of the Chicago organization are represented as "out of harmony" with the national heads. Besides, it was contended the Chicago union exceeded its authority in passing such a resolution.

As one expressed it, "The Chicago Federation might just as well pass resolutions abolishing the United States Senate or the House of Representatives."

GAS QUALITY LOWERED
PORTLAND, Ore., Aug. 17.—Specific gravity of gasoline sold in Oregon by the Standard Oil Company has been lowered from 64 to 61 degrees. The legal test in this state is 66 degrees specific gravity, but state authorities recently permitted a drop to 64 degrees because of the scarcity of gasoline of all grades. All gasoline sold here except by one company is now below the state requirement in this regard.

MINER BRINGS JOY TO HIS OLD PARTNER

**Three Years' Search For
Health Ends With Success
and S. F. Man Is
Returning to Hunt For
Gold — Keeps Tanlac
With Him.**

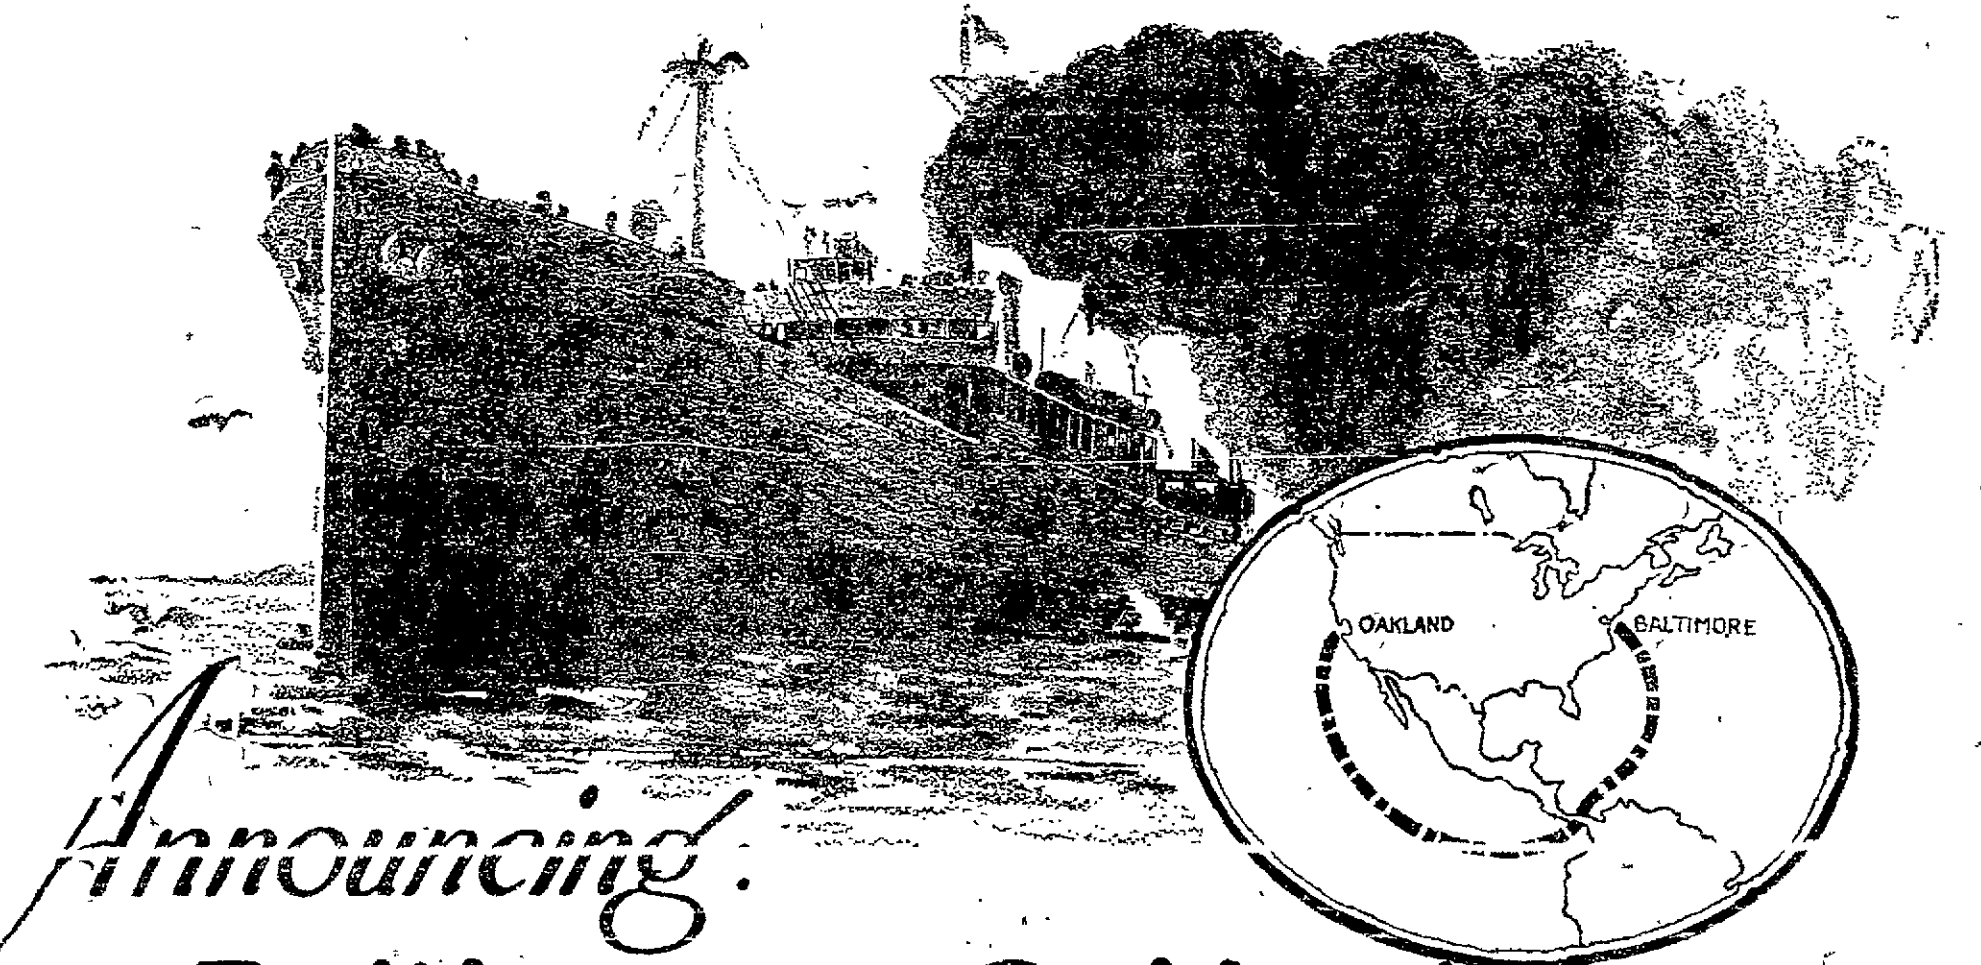

"Tanlac certainly kept anything I've ever run across, for it's put me back on the job again feeling fine when nothing else would do me any good," was the emphatic statement made by Charles Cherblum, a miner, who is living at the Reno Hotel, 252 Sixth street, San Francisco.

"I want to be eating all the time, and my stomach is in such good order I eat anything I want without causing me the least bit of trouble. I don't have those dizzy spells any more, and my kidneys no longer bother me. The rheumatism seems to have left me completely for I never feel a sign of it, and at night I sleep like a log."

"I'm working at the Union Ship yards now, but am going back to mining in a short while. Why, I've actually gained fifteen pounds in weight, and am feeling as strong and well as I ever did in my life. I always keep a bottle of Tanlac on hand, and if I ever feel a little out of sorts, it only takes a few doses to straighten me right out."

"Tanlac is sold in San Francisco and Oakland by The Owl Drug Company; in my body ached and pained me. My Stores—Advertisement."

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 250,000 readers.

Announcing a Baltimore to Oakland Ocean Freight Service

On August 21st, the first freight steamer for Oakland, of the newly inaugurated ocean freight service of the Pacific Mail Steamship Company, will sail from Baltimore through the Panama Canal.

The sailing schedule includes five regular sailings a month from Baltimore, with one or two additional ships each month as the traffic demands.

Through the co-operation of
Bishop and Bahler, Traffic Experts

of the Oakland Chamber of Commerce, sufficient tonnage was booked to bring this first ship to Oakland's docks. Through the co-operation of other manufacturers and shippers of the East Bay Cities, this regular freight service will become permanent.

On January 1st, 1921, the Venezuela and four other fast going ocean passenger ships will be added to this Baltimore-to-San Francisco Bay Route, and sufficient tonnage will bring these great ships to your door.

The use of Ocean Freight Service will materially cut your freight bills. Coming at this opportune time, when all rail freight rates are being increased, the saving will be welcomed by every coast-to-coast shipper.

Ship Via Pacific Mail Steamship Company

Cut the cost of your transcontinental freight shipments. Get in touch with Mr. Pinkston, Manager of our Ocean Freight Service, at once regarding sailing dates, rates, etc.

Hubbard On Visit to Relatives Here

Mr. and Mrs. Geo. C. Hubbard, formerly resident of Oakland for twenty-five years, but now of Los Angeles, are visiting friends in Oakland. They came here once a year to visit Mr. Hubbard's mother of Linda Vista, who is 93 years old, and also their twin

grandchildren, four months old, daughters of Mr. and Mrs. H. S. Hubbard of Fruitvale. Mr. Hubbard was a former employee of the TRIBUNE before the typesetting machines were installed and all type was set by hand. He is now superintendent of a large lithograph plant in Los Angeles, but enjoys keeping in touch with the change made in Oakland, and especially the TRIBUNE's rapid growth.

MISSIONARY SEES ASIA MINOR WAR

That there is imminent danger that the flame of war and red revolution is ravaging Russia and Poland and is threatening to touch off the powder magazine that is modern Europe, may spread to Turkey, Syria and Arabia in a "holy war" is the opinion of Rev. S. W. Nelson, Presbyterian missionary, who was thirty-two years in Turkish Syria and part of that time held as an American spy in a Turk prison.

Mr. Nelson, who is in Oakland today said that millions of dollars in American money had been well spent in Syria and Arabia that more than 5000 children were cared for and hundreds of thousands saved from starvation.

The "unspeakable Turk" is not quite that bad according to Dr. Nelson, who says:

"Peasant Turks are an attractive, simple and lovable people. They are simply not good rulers. When they get a little power it turns their heads. If a just and even-handed government is established in Turkey and the Near East, these countries are capable of great development. There is untold mineral wealth in Asia Minor which the Turk control and which the Germans tried to grab with their Bagdad railway."

"At the close of the war, America was considered the savior of Armenia and Syria. Both countries sincerely desired American rule until they could get on their feet. What with the nationalist movement in Turkey proper and the revolt of King Faisal against the French in Damascus, a chaotic state now exists throughout the Near East that may result in a fanatical race and religious war."

Rev. Nelson was held for four months in a Turkish prison together with British aviators and French pilots, charged with being an American spy. He said he suffered no indignities while imprisoned and that they had enough food.

"The restless Turks and other discontented peoples join with the Bolsheviks they may present a formidable front that will stir Europe to its depths," said Doctor Nelson.

TO DOCK DESTROYER

The destroyer Albatross has arrived to be docked and overhauled. The boat will remain here for several weeks.

Tribune-American Invite Children to Show on Saturday

Next Saturday morning is to be a big time for the children of Oakland and vicinity. This is the morning when The TRIBUNE's Aunt Elsie and 50,000 chubs and the American Theater are to put on a big free moving picture and entertainment.

The American Theater is going to give you a special treat and put on the regular picture that is being shown all this week. It is "Going Some." Rex Beach's famous story which has been dramatized. An all star cast is playing in "Going Some" and a full house has been the order of things at every show. You are going to see this wonderful picture.

Every child in Oakland and vicinity is invited to join in the fun. The performance will start at 9:45, so be on hand a little before that hour. Children under 10 must be accompanied by their mothers or older brother or sisters. A smile is all it costs to get past the doorkeeper.

A number of old-time favorites who have not been seen for some time will be on hand to help entertain you and the return engagement of Betty Jane Tesple, Oakland's clever juvenile mimic, is announced. Others who are sure to be remembered for their clever performances before are Master Malcolm MacGregor, Oakland's wee Harry Lander, Alberts Blais, Florie May Tyrell, Bernice Claire Johnson, Miss Dorothy Buchner and little Units Uhl, a new member to the troupe, who has a clever act of her own to present. They are to be under the direction of Mrs. May Tyrell and Beverly Sabey.

ANTI-JAPANESE BILL HEADS LIST

SACRAMENTO, Aug. 17.—Secretary of State Jordan has announced the positions the twenty initiative and referendum measures and constitutional amendments will occupy on the November ballot. The positions were assigned the measures by Jordan as follows:

- Anti-Japanese measure.
- Harris prohibition enforcement act.
- Amendment to initiate.
- Chiropractic act.
- Anti-vaccination act.
- Sale of poison law.
- Highway bond interest measure.
- Constitutional convention amendment.
- Poll tax amendment.
- University of California tax measure.
- Community property.
- Insurance by banks law.
- Litigation act.
- Teachers salary measure.
- Absent voting amendment.
- Amendment exempting orphanages from taxation.
- Amendment providing State aid for children.
- Single tax initiative.

REGISTRATION IN CALIFORNIA NOW IS 1,209,961

SACRAMENTO, Aug. 17.—Reports from all counties except Santa Clara show the registration for the August primary election to be 1,209,961, of which total 745,429 are Republicans. These figures are unofficial and are subject to correction. The registration is the greatest in the history of the State. For the presidential primary May 4, the registration was only 1,111,122. The registration for the 1915 primary was 722,881.

The unofficial figures for the fifty-seven counties follows:

- Republicans, 745,620.
- Democrats, 274,929.
- Progressives, 6572.
- Socialists, 18,425.
- Democrats, 14,425.
- Decline to state, 141,521, scattering 5490.

SHELL EMPLOYEE BURIED

The funeral of Oscar Johnson, a Shell Oil company employee killed Friday when a charge of giant powder he was tamping exploded, was held this morning at 10:30. The time of holding an inquest into the death has not been set. Johnson's former residence, friends or relatives has not been disclosed by a search of city effects.

CHIEF OF CO-EDS FROWNS ON LATE WALKS, CALLERS

BEHAVIOR RULES FOR CAMPUS AND HOME ARE GIVEN

BERKELEY, Aug. 17.—College girls today were urged to refrain from excesses in dressing and social activities by Miss Gracella Rountree, president of the Associated Women Students of the University of California.

Rules governing co-ed behavior on and off the campus were laid down today by Miss Rountree for the benefit of new students. Here are some of them:

Don't think more of clothes and good times than you do of scholarship.

Remember that you are judged both by your actions and dressing on and off the campus.

HIGH STANDARDS URGED.

Learn and understand to live high standards. Keep a high scholastic record.

Late callers, moonlight strolls and dances into the early hours of the morning are frowned upon also by the Associated Women's Students, who Miss Rountree heads.

In this regard here are the rules of that organization:

The women of the university recommend that college dances close at 10 o'clock.

There be a 10:30 o'clock rule for all callers.

That all women be in from walking by 10:30 o'clock.

That there be a limit to nights of recreation a week.

ENTERTAINMENT LIMITED:

That organizations as far as possible do not entertain until the week-end.

That women going out in the evening leave definite information where they are going.

Furthermore an edict handed down to the new and old students was adopted last year by the women's students places a ban on the annual "running" of the Skull and Keys Honor Society on the campus.

The women score the men's honor society initiation as "unfit for feminine eyes and ears." "Boycott" of the running until signs of improvement are shown was decided upon last semester by the women students.

That women going out in the evening leave definite information where they are going.

GOVERNOR TELLS FURNITURE MEN NEED OF HOMES

Governor William D. Stephens, addressing the Wholesale Furniture Manufacturers and Dealers' Association convention at luncheon in San Francisco today, recounted his personal experience as a furniture retailer, wholesaler and traveling salesman.

"Perhaps the largest manufacturing undertaking the state has within its borders is the building of homes—but what would our homes be without furniture?" said the Governor.

"We must have wives and children, and these are the things that make a home a home. The little sleep went into dry dock today to have more power in the hands of the manufacturer and the merchant when in large letters he advertised: 'You furnish the girl, we'll do the rest.'"

San Francisco's future as a furniture buying and manufacturing center was pictured in bright colors at the opening luncheon yesterday by Douglas White, general manager of the Retail Furniture Dealers' Association of California.

Jones Templeton, store manufacturer, will be the speaker Wednesday noon, and at the luncheon Thursday afternoon, J. Smith, president of the Southern Pacific, will discuss railroad service.

Child, 10, Run Over By Auto; Not Hurt

Although she was struck by a heavy touring car last night, the wheels passing over her, Sally Braun, 10, school girl, 1017 Webster street, was only slightly hurt. The accident happened at Tenth and Franklin streets. A touring car driven by Quan Cahue, Chinese merchant, 308 Tenth street, emerged suddenly from an alley way and caught the child. She was taken to her home by the driver of the car, who also summoned a physician.

First Copra Cargo Unloading at Parr

Work started today on unloading the first copra cargo to be received at the Parr Terminal. The new pneumatic stevedoring machine is being tried out on a load that came in today aboard the schooner Inca, consigned to the El Dorado Oil Company of Berkeley. She carries more than 100 tons of copra and is expected to unload this in less than half the time required by hand.

COAL BUNKERS PROJECTED FOR EAST SIDE BAY

Prospects for the establishment of the Eastbay as the coal center of the Pacific coast were indicated today with the announcement that the Ralph Navigation & Coal Company is planning the erection of a quarter million dollar bunker at Alameda, and with the report that two other companies plan to build bunkers in Oakland harbor.

Plans call for the shipment of coal here by rail from Colorado and Utah and by water from British Columbia, Alaska and Australia. They hold out a possibility that the price of the fuel for the Eastbay community and surrounding territory is not to be advanced with the increase in railroad rates and the added advantages that vessels from this port to Australia may return with cargoes of coal instead of in ballast.

ROLPH WILL BUILD

"We intend to improve our Alameda property within a very short time," it was said today at the offices of the Rolph Company. "We have had the plans in mind for some time and are ready to put them into effect. The expenditure for bunkers and other improvements will be more than a quarter of a million dollars."

The King Coal Company, with bunkers at the Market Street wharf is now said to be supplying about two-thirds of the vessels calling into port for coal. That stiff competition for the plans of the Rolph Company will place at the bunkers here on so large a scale. The same situation, it is held, will be reflected in increased business in other fields where ships may supplant the railroads and a decided gain in waterfront industry is predicted.

RAIL RATES PROMOTE PLANS

The coming increase in railroad rates is held to be directly responsible for the plans of the companies to embark in the coal business here.

The Rolph Company will build bunkers in Oakland from which Wellington coal from Nunai will be distributed and the Pacific Coast Company will handle Seattle coal at this port.

LEGAL INQUIRY PROMISED

The meeting tomorrow evening will see a start toward a thorough legal analysis of the plan. It will be the first step in a series of steps that will lead to a decision on the part of the community as to whether or not it will support the plan.

The Rolph Company will build bunkers in Oakland from which Wellington coal from Nunai will be distributed and the Pacific Coast Company will handle Seattle coal at this port.

COMMITTEE ON MERGING WILL MEET TOMORROW

Steps toward the sounding out of county sentiment on the city and county consolidation plan and the perfecting of committees to look into its legal phases are expected tomorrow evening at the first meeting of the committee of twenty-one citizens, recently appointed by Mayor Bartlett of Berkeley, at 8 o'clock in Room 314, Bacon Building.

In the discussion previous to the date originally set for the meeting it was made evident that the only action the committee expected to take at the outset was that which looked to the further investigation of the question and the organization of a working body.

COUNTY DIVISION FEARED

Fear is expressed by local business men that the plan may lead to county division. It was pointed out by attorneys at the city hall meeting that, once the machinery for the consolidation plan was set in motion and any outside localities refused to adopt it, the door would then be open for them to break away and that this was the only method by which the county could be divided.

This is one of the questions which will be given very serious consideration by the committee tomorrow evening. Many of the committee members are very anxious, before any action is taken toward the calling of a freeholders' election to get the sentiment of the outside districts. At the initial meeting in the City Hall, the one responsible for the appointment of this committee, no outside district excepted itself in favor of the plan, although efforts have been made since to secure such an expression, there is on record to date no declared statement of any outside community for the consolidation proposal. That the world know exactly what the plan is to lead to before the committee accepts the responsibility of starting something which would divide the county is the sentiment of many of the members.

Before the first step is taken to call an election which will necessitate the expenditure of over \$100,000 of public money, it is felt that there is a favorable sentiment in the outside districts, without whose support the whole movement will fail.

LEGAL INQUIRY PROMISED

The meeting tomorrow evening will see a start toward a thorough legal analysis of the plan. It will be the first step in a series of steps that will lead to a decision on the part of the community as to whether or not it will support the plan.

8881 Enroll at University; 1000 More Expected

BERKELEY, Aug. 17.—Showing an increase of 1000 over the same time last year, figures from the office of Recorder James Sutton placed registration at the University of California up to last night at 8881. Late arrivals are expected to bring the total past the 10,000 mark.

Of the registered, 2796 are students. Graduates number 771, undergraduates 2110. University authorities attribute the unexpected increase to the large number of students attracted from eastern colleges and to the return of service men.

On the third day of enrollment in 1919, which corresponded to yesterday, the total registration was but 7862. Registration will continue throughout the week.

**SOPHOMORES SET
NEW RECORDS IN
HAZING FRESHMEN**

BERKELEY, August 17.—New records daily face the entering students of the University of California. The members of the Sophomore class, who were yesterday told by President David Prescott Barrows to "instruct the Freshmen," have outdone all former classes in the quantity and variety of their "instruction." Freshmen by the tens and dozens, led by one or two Sophomores, have kept busy throughout the day at the many new "stunts" which the second-year men have originated.

Real "dirt" humor was evidenced in the trick played on a number of Freshmen students today at the old "chem pond," which was formerly the scene of many "duckings," but which is now drained. About a dozen Freshmen were lined up along the edges of the pond and were given fishing rods and tackle and told to sit by the pond until they could catch a mess of fish for their instructors.

One day I asked the lady in the Broadway store if she could clean and press my suit and give it back to me in half an hour and I would wait behind the screen or hide behind the curtain, because I had two tickets to the show and wife was coming down to meet me.

She laughed at most emphatic No. "We do no cleaning here," she said. "We have a plant on Chestnut street." And when I said I knew a place where they clean them while you wait, she laughed some more and said: "No, they take out a spot or two and shoot some steam all through the garment and charge you the full price. They have a sign out 'Cleaning-Dyeing,' that screams to all the world. Go down on Chestnut street and see our plant and you will know how silly is their claim."

I thank you for today.

GROCERIES FALL; EQUAL NUMBERS GO UP, HOWEVER

For the first time in months the number of grocery lines in which declines in price have occurred during the last week is equal to the number in which advances in price have been put in effect, according to the official grocery market summary of the California Retail Grocers' and Merchants' Association, which is issued weekly.

Counting several brands of the same commodity there were seven declines in the grocery market noted during the last week. Some of the lines affected are soaps, salad oils, canary seed, chocolate and coffee.

Two brands of cornflakes, a popular breakfast food, have each declined 80 cents a case in the last week on cases containing 48 packages so that the price to the retailer on this commodity has declined something slightly more than 2 cents a package.

Three brands of soap, two laundry soaps and a toilet soap have declined, although the association's market summary gives no comparison of prices on the soap market.

Several kinds of salad oil have also declined slightly, hams dropped 1 1/2 cents a pound during the last week and one trademarked shortening compound declined several cents a pound.

One manufacturer of chocolate last week announced a reduction of 1

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Rheumatic, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacturing Monocaceticacidester of Salicylicacid.—Advertisement.

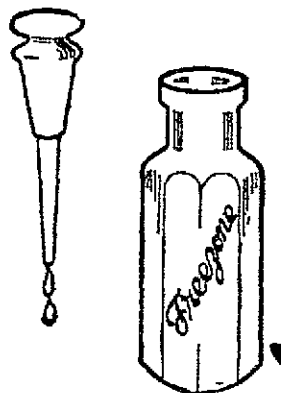

Cuticura Soap

IS IDEAL
For the Hands

Don't say "DIAMOND DYES" unless you mean to ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"CORN"

Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.—Advertisement.

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California Syrup of Figs" only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."—Advertisement.

THIS NURSE ADVISES

Women Who Are Ill To
Take Lydia E. Pinkham's
Vegetable Compound.

East Rochester, N. Y.—"I have used Lydia E. Pinkham's Vegetable Compound for several years and think it fine. I am a practical nurse and when I get run down and nervous I take the Vegetable Compound. I also have trouble with my bladder when I am on my feet and Lydia E. Pinkham's Vegetable Compound relieves that. I have recommended your medicine to several young ladies who have all benefited by it."—Mrs. AGNES L. BELLORS, 306 Lincoln Rd., East Rochester, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

HUMOR

PATHOS

ROMANCE

Tommy's Burglar

Copyright, 1920, by Doubleday, Page & Co. Published by special arrangement with the Wheeler Syndicate, Inc.

At 10 o'clock p. m. Felicia, the maid left by the basement door with the policeman to get a raspberry phosphate around the corner. She dashed the policeman and collected earnestly to the arrangement. She pointed out, not unreasonably, that she might have been allowed to fall asleep over one of St. George Rathbone's novels on the third floor, but she was overruled. Raspberries and cops were not wanted for nothing.

The burglar got into the house without much difficulty, because he must have action and not too much description in a 2000-word story. In the dining room he opened the door of the kitchen and found a brace and centrepiece he began to bore into the lock of the silver chest.

Suddenly a click was heard. The room was flooded with electric light. The dark velvet portieres parted to reveal a fair-haired boy of fifteen in pink pajamas, bearing a bottle of olive oil in his hand.

"Are you a burglar?" he asked, in a sweet, childish voice. "Listen to that," exclaimed the man, in a hoarse voice. "Am I a burglar? Not do you suppose I have a three-days' growth of bristly beard on my face for, and a cap with flaps? Give me the oil, quick, and let me grease the bit, so I won't wake up mamma, who is lying down with a headache, and left you in charge of Felicia, who has been faithful to her trust."

"Oh, dear," said Tommy, with a sigh, "don't do that. This oil is for the salad."

"When I bring lunch from the pantry for you, and mamma and papa have gone to the Metropolitan to hear De Reszke. But that isn't my fault. It only shows how long the story has been knocking around among the editors. If the author had been wise he'd have changed it to Caruso in the place."

"Be quiet," hissed the burglar, under his breath. "If you raise an alarm I'll wring your neck like a rabbit's."

"Like a chicken's," corrected Tommy. "You had that wrong. You don't wring rabbit's necks."

"Aren't you afraid of me?" asked the burglar.

"You know I'm not," answered Tommy. "Don't you suppose I know fact from fiction. If this wasn't a story, you'd be an Indian when I saw you, and you'd probably jump downstairs and get pinched on the sidewalk."

"I see," said the burglar, "that you're on to your job. Go on with the performance."

Tommy seated himself in an armchair and drew his toes up under him.

"Way do you go around robbing strangers, Mr. Burglar? Have you no friends?"

"I see what you're driving at," said the burglar, with a dark frown. "It's the same old story. Your innocence and childish insouciance is going to lead me back into an honest life. Every time I crack a criss where there's a kid around, it happens."

"Would you mind gazing with wolfish eyes at the plate of cold beef that the butler has left on the dining table," said Tommy. "I'm afraid it's growing late."

The burglar accommodated.

"Poor man," said Tommy. "You must be hungry if you will please stand in a listless attitude I will get you something to eat."

The boy brought a roast chicken, a jar of marmalade and a bottle of wine from the pantry. The burglar seized a knife and fork sullenly.

"It's only been an hour," he grumbled, "since I had a lobster and a pint of musty ale up on Broadway. I wish these story writers would let a fellow have a popsin tablet, anyhow, between feeds."

"My papa writes books," remarked Tommy.

"You said he had gone to the opera," he hissed, hoarsely and with immediate suspicion.

"I ought to have explained," said Tommy. "He didn't buy tickets." The burglar sat again and toyed with the wishbone.

"Why do you burgle houses?" asked the boy, wonderingly.

"Because," replied the burglar, with a sudden flow of tears. "God bless my little brown-haired boy Bessie at home."

"Ah," said Tommy, wrinkling his nose, "you got that answer in the wrong place. You want to tell your hard luck story before you pull out the child stop."

"Oh, yes," said the burglar. "I forgot. Well, once I lived in Milwaukee and—"

"Take the silver," said Tommy, rising from his chair.

"Hold on," said the burglar. "But I moved away. I could find no other employment. For a while I managed to support my wife and child by passing confederate money, but, alas! I was forced to give that up because it did not belong to the union. I became desperate and a burglar."

"Have you ever fallen into the hands of the police?" asked Tommy.

"I said burglar, not beggar," answered the cracksmen.

"After you finish your lunch," said Tommy, "and experience the usual change of heart, how shall we wind up the story?"

"Suppose," said the burglar thoughtfully, "that Tony Pastor turns out earlier than usual tonight and your father gets in from Paris at 10:30. I am thoroughly repentant because you have made me think of my little boy Bessie, and—"

"Say," said Tommy, "haven't you got that wrong?"

"Not on your colored crayon drawings by B. Cory Kilvert," said the burglar. "It's always a Bessie that I have at home, artlessly prattling to the pale-cheeked burglar's bride."

"I was saying, your father opens the front door just as I am departing with admonitions and sandwiches that you have wrapped up for me. Upon recognizing me as an old Harvard classmate he starts back in—"

"Not in surprise," interrupted Tommy, with wide-open eyes.

"He starts back in the doorway," continued the burglar. "And then he rose to his feet and began to shout: 'Rah, rah, rah! rah, rah, rah! rah, rah, rah!'"

"Well," said Tommy, wonderingly, "that's the first time I ever knew a burglar to give a college yell when he was burglarizing a house, even in a story."

"That's one on you," said the burglar, with a laugh. "I was practicing the dramatization. If this is put on the stage that college yell is about the only thing that will make it go."

Tommy looked his admiration.

"You're all right," he said.

"And there's another mistake you've made," said the burglar. "You should have gone some time ago and brought

look how they make the burglars act! You'd think editors would know—but what's the use?"

The burglar wiped his hands on the tablecloth and arose with a yawn.

"Well, let's get through with it," he said. "God bless you, my little boy! You have saved a man from committing a crime this night. Bessie shall pray for you as soon as I get home and give her her orders. I shall never burglarize another house—at least not until the June magazines are out. I'll be your sister's turn then to run in on me while I am abstracting the U. S. 4 per cent from the tea urn and buy me off with her coral necktie and a falletto kiss."

"You haven't got all the kicks coming to you," sighed Tommy, crawling out of his chair. "Think of the sleep I'm losing. But it's tough on both of us, old man. I wish you could get out of the story and really rob somebody. Maybe you'll have the chance if they dramatize us."

"Never," said the burglar, gloomily. "Between the box office and my better impulses that your leading juveniles are supposed to awaken and the magazines that pay on publication, I guess I'll always be broke."

"I'm sorry," said Tommy, sympathetically.

thetically. "But I can't help myself any more than you can. It's one of the canons of household fiction that no burglar shall be successful. The burglar must be foiled by a kid like me, or by a young lady heroine, or at the last moment by his old pal, Red Mike, who recognizes the house as one in which he used to be the coachman. You have got the worst end of it any kind of a story."

"Well, I suppose I must be leaving out now," said the burglar, taking up his lantern and bracebit.

"You have to take the rest of this chicken and the bottle of wine with you for Bessie and her mother," said Tommy, calmly.

"But confound it!" exclaimed the burglar, in an annoyed tone, "they don't want it. I've got five cases of Chateau de Berychelle at home that were bottled in 1853. That claret of yours is corked. And you couldn't get either of them to look at a chicken unless it was stewed in champagne. You know, after I get out of the story I don't have so many limitations. I make a turn now and then."

"Yes, but you must take them," said Tommy, loading his arms with the bundles.

"Bless you, young master!" recited the burglar, obedient. "Second-story Saul will never forget you. And now hurry and let me out kid. Our 2000 words must be nearly up."

Tommy led the way through the hall toward the front door. Suddenly the burglar stopped and called to him softly: "Ain't there a cop out there in front somewhere sparking the girl?"

"Yes," said Tommy, "but what?"

"I'm afraid he'll catch me," said the burglar. "You mustn't forget that this is fiction."

"Great head!" said Tommy, turning. "Come out by the back door."

Sir Norman Lockyer, Scientist, Is Dead

LONDON, Aug. 17.—Sir Norman Lockyer, eminent scientist, died yesterday at Sidmouth.

Removes Hairy Growths Without Pain or Bother

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths. You can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted.—Advertisement.

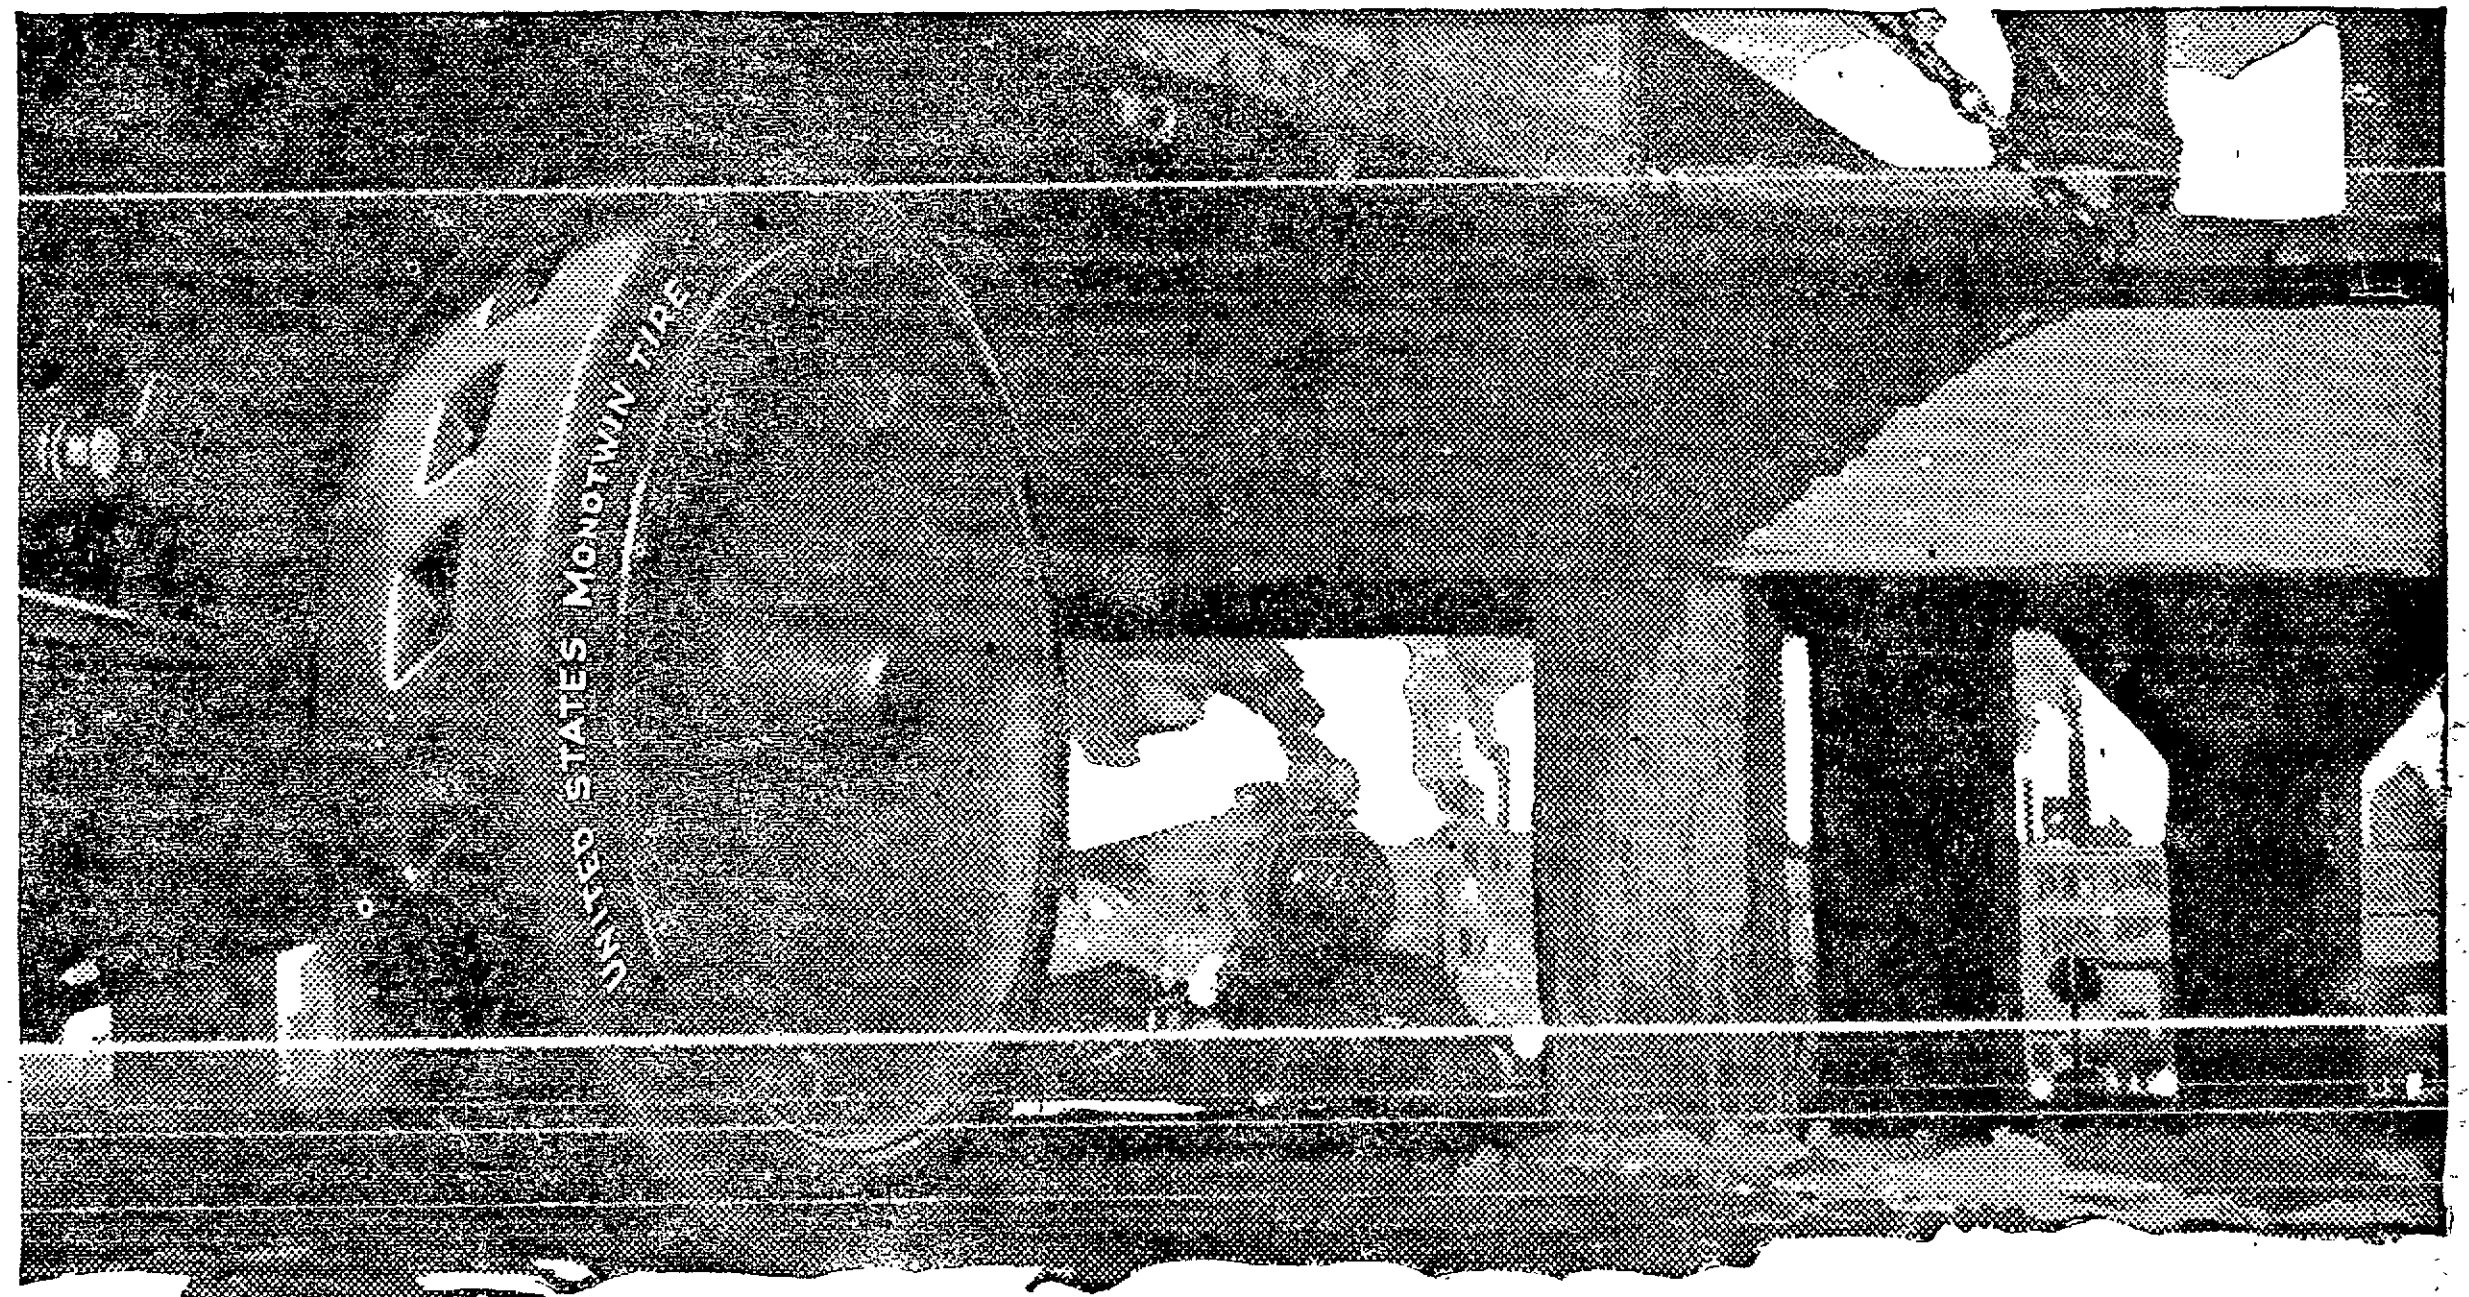

GRAPE PRICE SETS RECORD

LODI, Aug. 17.—The Peppers Fruit Company announced that it had sold a carload of Zinfandel wine grapes for eastern shipment for \$140 per ton. This is said to be a record price for fine grapes.

At this quotation growers reported that they would receive \$100 per ton for grapes on the vine.

Three weeks ago the California Fruit Distributors sold ten carloads of Zinfandel grapes for \$120 per ton.

The Fastest Selling Solid Truck Tire in America ~ the MONO-TWIN

TALK to the truck owners of this country about economy—even an economy that may not be immediately apparent—and you will always find them ready and willing to listen to you.

When the United States Rubber Company announced the creation of its new Mono-Twin Solid Truck Tire, two months ago, it expected that truck owners would be interested.

What it didn't foresee was how quickly and almost universally they would appreciate the results towards which this company had been working.

Two months is a short time in which to have the results of years of scientific endeavor meet with such general and enthusiastic acceptance.

But truck owners all over the country have learned their lesson. They have followed the unsound and the unscientific to their logical conclusions.

They know now which way economy

lies. And they are more than ever out to find it.

For those who overlooked the first announcement regarding the Mono-Twin, we reprint these few facts bearing on its economy:

It is built of grainless rubber—an exclusive U. S. creation—non-splitting.

Chemically joined to its base—ending base separation.

Its combination of rubber cross-bars and depressions increase tractioning—dissipate traction heat—act as a non-skid tread—enable the tread to wear down uniformly with no necessity for regrooving.

It carries a heavier load than two single tires of half the section width—adding to its cushioning qualities, reducing the wear on truck and driver.

The local U. S. Solid Truck Tire representatives will be glad to give you further information.

Talk to them. They are truck tire experts.

And specify the U. S. Mono-Twin when ordering your new truck.

will sell on commission for cash only. 1207 Clay, cor. 10th; phone Oakland 421.

CAR SHORTAGES DUE TO DELAYS

The Good Railway Service Association of California is calling the attention of the Pacific Car & Foundry Co., showing that 10,000 more cars were held back by the company in that month over June of 1919, the \$24,011 to \$24,011.

Commenting further upon a statement issued by R. M. Nichols, chairman of the Good Railway Service Association, officials of the Good Railway Service Association point out that while it is possible that shippers may be able to secure cars, they can scarcely afford the loss of shipping cars for days.

According to Nichols, the committee on car service in its monthly statement, on July 15, shows that the heavy demand for box cars continues, especially in the grain country, being moved from the eastern and southeastern districts as an emergency measure to save the crops.

This movement will compel California and other western shippers to make short shippers reports for the country, which will show a shortage of cars.

The Good Railway Service Association of California urges all its members to hold back their cars as long as possible, and to make quick assistance to the carriers in the event of a shortage.

The Good Railway Service Association of California urges all its members to hold back their cars as long as possible, and to make quick assistance to the carriers in the event of a shortage.

CITY TO HAVE 24 NEW SCHOOLS WITHIN 30 MONTHS

PROMISE MADE
COST WILL FALL
BELOW ESTIMATES

Women Serve Second 25 Cent Lunch and Find Plenty of Appreciative Customers

Alameda housewives who served a meal for twenty-five cents. Left to right, they are: MRS. WILLIAM WARMUTH, MRS. H. O. TENNEY, MRS. MAY LARKIN MARSTON and MRS. R. B. WIESE.

"While all this has occupied time and has caused expense, the future results will redound to the benefit of the school children of the city. In relation to the sale of the bonds, the report set forth that municipal and school district bonds cannot be sold at par owing to existing financial conditions, but that it is the hope of the department and committee to make such financial arrangements for the sale of the bonds through which it is anticipated that the school district bonds may be disposed of in such a manner that the community will receive the highest value considering the present money stringency, and not be in the position of many of the school districts of California that have been compelled to sell their bonds at a heavy discount.

Alameda Housewives' League Claims Profit in Venture

ALAMEDA, Aug. 17.—Scores of Alamedans today took the opportunity of attending a luncheon which members of the Alameda Housewives' League served for 25 cents in Knights of Pythias hall here. Under the direction of Mrs. H. O. Tenney a group of women prepared a meal which was declared appetizing, nutritious and wholesome for the sum. The following women aided Mrs. Tenney: Mrs. William Warmuth, Mrs. E. T. Heyn, Mrs. E. E. Warren, Mrs. L. B. Franklin, Mrs.

A. A. Olsen, Mrs. S. R. Mayner, Mrs. M. A. Powers, Mrs. P. A. Winant and Mrs. R. B. Wiese.

MENU IS ATTRACTIVE

The menu served was as follows:
Fruit Punch
Combination Salad
Olive Paste Sandwiches
Nut Roast with Italian Dressing
Summer Squash, au Gratin
Hot Rolls
Peach Pudding
Coffee
Cakes

This is the second luncheon of the same nature to be given within the month by the Alameda organization. The first was such a financial success that immediate plans were made for its repetition.

Mrs. May Larkin Marston, chairman of the Alameda league, has held office for the past year and in that time has watched the growth of the organization from a handful of women to a group of several hundred. The Alameda league has distinguished itself by working together in complete harmony, although the problems handled have been the same as those which proved their doing of the Oakland and Berkeley leagues.

COMMUNITY GOATS FAVORED
Community goats and community baking kitchens operated by housewives were advanced as means of cutting down the high cost of living by Oakland State Housewives yesterday in the city hall. The government's thrift campaign to eliminate all unnecessary buying was approved. A call was sent out to housewives in various neighborhoods to volunteer to bake bread for distribution.

SCHOOL BOARD TO GIVE COMMISSION ITEMIZED BUDGET

As an aftermath of the turbulent City Council session last week that developed over the request of the teaching forces for an appropriation in the new city budget of \$370,000 for elementary teachers' salary increases during the year, the Board of Education last evening voted to furnish Council with full information on the budget of school department expenditures for the year.

The official notification of the request of Council for a complete itemized budget was served on the board by Secretary Lloyd D. Barzee, together with a copy of the communication of Commissioner Frederick Soderberg to the commissioners last week urging that the itemized budget be demanded and criticizing the one submitted by the school department several weeks ago as incomplete.

LAW IS ENFORCED
Superintendent of Schools Fred M. Hunter addressed the board in a statement explaining that the budget was submitted in its original form in compliance with forms required under a state law and instructions from the state superintendent of public instruction as to the method of itemizing the department expenditures.

Hunter declared that the impression that the budget had been prepared with the idea of concealing any item of expenditure was erroneous, and the directors finally instructed Secretary Barzee to find out exactly what was wanted in the way of information by the Council and to supply it if possible.

At the same time, pursuant to a suggestion by Director J. Lorin Pease, Barzee was directed also to supply the board with figures showing the expenditures of the construction department to date.

POSITIONS APPROVED
With the adoption of the last report of the committee of the whole last evening the board approved the creation of one half-time position in the Laurel School and a three-fifths time position in the Durant School for the fifth and sixth grades.

Further elections were approved from the new preferred list with the authorization of the appointment of Gertrude Cross, Lillian Anderson and Cora Mae Hall to the teaching staff. The resignations of Thora A. Paulson, Anna E. Madden and E. Evelyn Lewis were accepted.

The purchase of property in East Eleventh Street between Fourth and Fifth avenues at the option price of \$15,656 for the new Southeast Oakland elementary school site, and the question of placing signs on all property purchased for school purposes, were laid over for a full meeting of the board before approval.

among their friends following a declaration that materials at retail would justify a fair return on bread at the old prices. Substitutes for milk were offered.

Mrs. E. C. Rathbun presided as chairman in the absence of Mrs. A. T. Kalas, president.

CITY WILL SEEK TO CALM STORM ON 'THE HIGHTS'

Of all the allegations hurled in the wooded slopes of "The Hights," the most bitter, according to Harold French, president of the Contra Costa Hills Club, is that his organization is "playing into the hands of the real estate men."

"This is a place for recreation and solitude," said Miss Miller, "and not for real estate sales. I will have no part in their dealings."

MAKES THIS REPLY
French has thumbed the ledger of the club's membership and prepared the following reply:

"Our club is financed by the dues of active members, who pay \$1 a year, and by a few contributing members, composed for the most part of local merchants and business men who regard the publicity the club is giving the 'real estate' tractions of the Eastbay cities as legitimate and worthy community advertising."

"Out of several hundred dollars subscribed for the support of the club, only \$16 have come from several hundred realtors of Alameda county, of whom only four have joined the club as contributing or active members. This showing indicates the interest taken in the activities of the club by the realty people. Our parties have never been shown any lots for sale, nor has any member ever been approached by agents of the various tracts on the market."

"The property surrounding 'The Hights' is tied up in long-term leases by tenant ranchers. Naturally, their interest lies in preserving their leaseholds. They desire protection from trespassers and from fire. All they ask from the pleasure seekers who pass through their leased land is that they commit no nuisance and confine their camp fires to a few safeguarded areas, such as Camp Cindarella, which is under city jurisdiction."

HICKERS SENT FARTHER
"Nearly all the foothill country below has been sold off in subdivisions. These tracts are miles away, extending from Fruitvale to Leona heights. They are settling up fast with home builders who are excluding the public from what was formerly a great open picnic ground, now just a happy memory to us hikers. Boulevarde and barbed wire fences have transformed this foothill zone into 'improved' residential districts."

"As a consequence, the hikers have been obliged to go far back into the hills to find wilderness conditions to suit their pleasure. Such retreats they find among the redwoods of upper Palo Seco canyon. There the Oakland recreation department has prepared a beautiful camping site on the eastern edge of the Joaquin Miller park for their enjoyment. At 'Camp Cindarella' sheltered nests, fireplaces, fuel, water and all necessary camp conveniences are free to every camper. Congenial and orderly parties gather there each week-end with members of the Contra Costa Hills Club as voluntary guides, chaperons and caretakers."

Cooler Weather Promise Cheers Interior Cities

The weather bureau today held out hope to the sweltering towns of the Sacramento and San Joaquin valleys.

After a week of blazing sun which sent the thermometer over the 100 mark almost everywhere in interior California, the weather man relented today and joyfully shouted "fair and cooler."

He took a little of the joy out of life, however.

"It isn't going to be exactly cold," it was explained. "Just a bit cooler."

High temperatures have been persistent for a week, particularly in the interior valleys. Yesterday Oroville, as an example, revelled in 114 degrees of warmth. Marysville, also with 114 degrees, had its hottest day in history yesterday.

ences are free to every camper. Congenial and orderly parties gather there each week-end with members of the Contra Costa Hills Club as voluntary guides, chaperons and caretakers."

ANSWERS WATER CHARGE
With this contradiction of the allegations that the club is playing into the hands of the "real estate" French makes further denial that the water-supplied to the camp ever was used by the Miller estate. He says:

"Last spring we brushed out a trail along an abandoned pipe line far up a tributary canyon. We found its intake to be a forgotten tunnel hidden by pine woods that have grown up during the last twenty years. Water flowing through the pipe line was running to waste. None of the seepage ever flowed to the Miller property. The water which the Millers formerly used came from the main canyon, but its sources have dried up during the last three years of drought. Therefore the accusation that the city is taking their water is utterly without foundation."

In the interests of lifting the feud L. J. Kerfoot, superintendent of parks, and Jay B. Nash of the city's recreation department, are planning an excursion to "The Hights."

Joseph's Money and Bride Gone, He Says

SAN FRANCISCO, August 17.—Four weeks of weeded life, culminating in a warrant for the arrest of Margaret Olsen Ficker, charging her with embezzlement of \$2,000, has ended love's dream for Joseph Ficker, former brewer, hickory town Police Judge Sylvester McAtee yesterday that in less than a month his bride made way with \$2,000.

The couple met in an Eddy street cafe where the young woman was a hat checker. Courtship was brief. Their housekeeping started at 415 Bartlett street, Mrs. Ficker was given \$2,000 of her husband's savings. Ficker said. He went to Walla Walla to collect \$4,000, obtained a job and sent his bride, but received a letter declaring that he was too good a husband for her and asking his forgiveness, he said. When he hurried home he found Mrs. Ficker gone.

FAIRLAWN HALL HIRED TO HOUSE MILLS OVERFLOW

College students from eighteen different states are registering at Mills College this week, the Freshmen and all new students being enrolled today, and upper classes tomorrow, from 9 a. m. to 4:30 p. m.

Of the 450 college girls who have been accepted, all but 30 will be housed in the five dormitories. So great has been the demand for entrance that the college authorities have hired an off-campus house, Fairlawn Hall, on Fruitvale avenue, fifteen minutes car ride from Mills. This hall will accommodate sixty students and they will have the same status as those living on the campus. They will be under student government regulations and will have the same organization of faculty supervision and co-operation.

The registrar of Mills College, Miss Louise P. Johnston, stated yesterday that California has the largest percentage of successful applicants, but that students are enrolling from Arizona, Colorado, Iowa, Idaho, Kansas, Nebraska, Michigan, Montana, Nevada, Utah, New Mexico, Texas, Washington, Oregon and Rhode Island.

According to a Mills tradition, the members of the senior class return to the campus on the eve of registration to dine with the president of the college and to welcome the freshmen the following day. Instruction in all classes begins Thursday, August 19, and the first chapel assembly of the year, convocation, will be held Friday morning in Lister hall. As usual many alumni will return to be present at 11:30 to hear the welcome of President Reinhardt.
